Dear Sirs,

We continue to be instructed by Jennings Building & Civil Engineering Limited (“Our Client”) in respect of the above matter.

We write further to the further submissions submitted by this firm on behalf of Our Client on 4 November 2024 and in response to the Examining Authority’s written questions and requests for information, in particular Q2.6.19 addressed to this firm.

In response to Q2.6.19, please find the enclosed plan. We are instructed that the proposed Easement Strip is 30m in width and is located approximately between the two pink lines marked on the attached plan (which also identifies Our Client’s property as tinted in green). No discourtesy is intended by our marking of a different plan to that requested by the Examining Authority, but we do not possess the mapping facilities necessary to accurately mark plans of that scale.

Yours faithfully

DTM Legal LLP
