1 Introduction

Purpose of this document

- 1.1 This document provides a guide to the Application for a Development Consent Order ('DCO') for the extension of the generating capacity of the Rivenhall Integrated Waste Management Facility ('IWMF') ('the Proposed Development'). The Application is made by Indaver Rivenhall Limited ('the Applicant') to the Secretary of State pursuant to the Planning Act 2008 ('PA 2008').
- 1.2 The Applicant is seeking a DCO to increase the generating capacity of the Energy from Waste ('EfW') plant that forms part of the consented Rivenhall IWMF to more than 50MW. The greater generating capacity would be achieved by carrying out engineering operations which would optimise the design and operation of the boiler, steam turbine and generator to provide a greater rate of energy recovery. It would not require an increase in waste throughput or physical changes to the consented building envelope or external layout. The Proposed Development involves the carrying out of engineering operations to either: i) remove and replace the steam turbine inlet control valves; or ii) install unrestricted turbine inlet control valves. Development consent is sought for both options. Which option would be carried out depends upon the timing of a DCO being granted and the stage of construction the consented IWMF.
- 1.3 As the generating capacity of the EfW within the Proposed Development would exceed 50MW, it is considered a Nationally Significant Infrastructure Project ('NSIP') under Sections 14(1)(a) and 15(1)(2)(a) to (c) of the Planning Act 2008. Therefore, development consent in the form of a DCO is required under Section 31 of the Planning Act 2008.
- 1.4 This Guide aims to help the Examining Authority ('ExA') and Interested Parties understand the Application through signposting the documents that make up the Application. This is a live document that will be updated throughout the examination period and submitted at each deadline.

Application Books

- 1.5 The documents and plans have been grouped into 'Books' corresponding with the Planning Inspectorate's ('PINS') Advice Note Six: Preparation and submission of application documents (Version 11).
- 1.6 The categories of Books are set out in Table 1. The Application comprises seven Books.

Table 1: Guide to the Books within the Application

Book	Content
Book 1: Application Form	Book 1 contains the Covering Letter (Doc Ref. 1.1) , Application Form (Doc Ref. 1.2) , this Navigation Document (Doc Ref. 1.3) , the Electronic Application Index (Doc Ref. 1.4) , and Section 55 Checklist (Doc Ref. 1.5) .
Book 2: Plans / Drawings / Sections	Book 2 contains the various plans provided in support of the Application. This includes a Location Plan (Doc Ref. 2.1) , Land Plan (Doc Ref. 2.2) , Works Plan (Doc Ref. 2.3) , Statutory and Non-Statutory Sites or Features of Nature Conservation Plan (Doc Ref. 2.4) , Statutory and Non-Statutory Features of Historic Interest Environment Plan (Doc Ref. 2.5) and Illustrative Plan (Doc Refs. 2.6) .
Book 3: Draft Development Consent Order	Book 3 sets out the legal powers that the Applicant is seeking to in relation to the proposed development. This Book comprises the Draft Development Consent Order (Doc Ref. 3.1) and the Explanatory Memorandum to the Draft Development Consent Order (Doc Ref. 3.2) .
Book 4: Land Ownership Information	Book 4 contains the Land Ownership and Interests Schedule (Doc Ref. 4.1) .
Book 5: Consultation and Engagement	Book 5 sets out the methodology and outcomes of the consultation and how responses have been taken into account. This Book comprises the Consultation Report (Doc Ref. 5.1) and the Consultation Report Appendices (Doc Ref. 5.2) .
Book 6: Environmental Impact Assessment Information	Book 6 contains the assessment of the likely significant effects of the Project on the environment and a description of mitigation measures proposed to reduce any negative effects. It comprises the Environmental Statement (Doc Ref. 6.1) , the Environmental Statement Appendices (Doc Ref. 6.2) and the Environmental Statement Non-Technical Summary (Doc Ref. 6.3) .
Book 7: Additional Information	Book 7 contains additional reports and statements that support the Application including the Planning Statement (Doc Ref. 7.1) , the Flood Risk Assessment (Doc Ref. 7.2) , Statement of Statutory Nuisance (Doc Ref. 7.3) , List of Other Consents and Licenses (Doc Ref. 7.4) and the Grid Connection Statement (Doc Ref. 7.5) .
Book 8: Statements of Common Ground	Book 8 contains the joint Statement of Common Ground with the Host Authorities (Doc Ref 8.1) (these being Essex County Council and Braintree District Council).
Book 9: Other Examination Documents	Book 9 contains documents and plans that are submitted to the Examining Authority during the examination. The documents are ordered corresponding to the procedural deadlines set by the

Examining Authority, such that a document submitted for Deadline 1 will be listed as Doc Ref 9.1.X, and a document submitted under Deadline 2 will be listed as Doc Ref 9.2.X.

Document Schedule

- 1.7 Appendix 1 of this Guide provides a comprehensive document schedule which is duplicated in the **Electronic Application Index (Doc Ref. 1.4)**. This is a live part of this Guide and will be updated during the subsequent stages of the application process.
- 1.8 A copy of the Application documents will be made available on the PINS website upon acceptance of the Application. Requests for printing and distribution of hard copies can be made to the Project Team by contacting Carly Vince and will be subject to a reasonable charge.

Document Reference Numbering

- 1.9 Documents are numbered in sequence within the respective Books (as outlined in Appendix 1 of this Guide), with the book number being the first digit of a document number. This is followed, where relevant, by the document number, the Chapter and/or Appendix number if these are standalone documents. For example, documents within Book 1, Application Form, are numbered 1.1, 1.2, 1.3 etc.
