Okay, good afternoon and welcome. It's now 330. And I'm starting the open floor hearing for the application may by endeavour ribbon Hall limited for an order granting development consent for the ribbon Hall, integrated Waste Management Facility and energy centre scheme. Before we go any further, can I just check with the case team that you can see and hear me okay, please? That's correct. Yes. Yes. Thank you. And can you confirm the live stream has started? Yeah, it has. Okay, thank you. Well, I am Mr. Jonathan Manning and I have been appointed by the Secretary of State as the examining authority to carry out the examination of the application. Also present today and members of the case team and I'm supported by Sean Evans and Brian Sedgman. Turn into other attendees. Firstly, I'd want I'd like to acknowledge those who are watching the live stream today. Have the understanding that there is now nobody who wishes to speak at the open floor hearing. Can I just check that there's nobody here today who does not wish to speak?

Okay, I'll take that as a note. So ultimately, given that there is nobody here who does wish to speak, I will close the hearing. So the time is now 1531. And the hearing is now closed. I just want to say thank you for the cage team for their efforts today. For the smooth running of both events is much appreciated. But that the hearing is now closed. Thank you very much.
