

Braintree District Council

Written summary of oral submissions made at Issue Specific Hearing 1

Application by Indaver Rivenhall Ltd for an Order Granting Development Consent for the proposed extension of generating capacity of the Rivenhall Integrated Waste Management Facility.

Deadline 5

Please find below Braintree District Council's response for Deadline 5.

The main issues remaining on which agreement has not been reached relate to

1. Whether or not a cap on power generation of 65MW should be imposed; and
2. Assessment of noise impacts.

Both issues have been set out in length by Essex County Council within their Local Impact report, Hearing, Statements of Common Ground and Deadline responses. Braintree District support Essex County Council's stance on both issues.

Essex County Council is the consenting Authority for the facility in planning terms.
