For the attention of the Inspector:

Network Rail have now agreed changes to the drafting of the Outline Construction Traffic Management Plan and Outline Demolition Traffic Management Plan with the Promoter, sufficient to allow the withdrawal of their objection to the Scheme.

These changes, which require engagement with Network Rail when producing the final traffic routing and details (for both construction and decommissioning), including abnormal loads and any interface with Network Rail assets, resolve Network Rail's concerns over potential impacts caused by Scheme traffic.

Please accept this email as formal withdrawal of Network Rail's objection, contained in the S56 Relevant Representation submitted 17 May 2024.

Kindly acknowledge receipt.
