1. Introduction

1.1. Purpose of this document

- 1.1.1. This Statement of Commonality (SoC) sets out the current position on Statements of Common Ground (SoCG) between RWE (the Applicant) and prescribed consultees and other interested parties in relation to Byers Gill Solar (the Proposed Development). It also demonstrates points of commonality between the SoCGs.
- 1.1.2. It has been prepared by the Applicant for use by the Examining Authority (ExA) and will be updated throughout the Examination of the Byers Gill Solar Development Consent Order (DCO) application to reflect the current position of the SoCGs.
- 1.1.3. Prior to the submission of the DCO application, a Potential Main Issues for Examination (PMIE) document [APP-169] was submitted with the DCO application, this included a Principle Areas of Disagreement Summary Statement (PADSS) with Darlington Borough Council (DBC).
- 1.1.4. The Applicant had also engaged with the following parties pre-application regarding a PADSS, however at that time it was not considered necessary or appropriate to submit a draft PADSS as part of the application:
- Durham County Council (DCC)
 - Stockton-on-Tees Borough Council (SBC)
 - Natural England (NE)
 - Environment Agency (EA)
 - Historic England (HE)
- 1.1.5. The Rule 6 letter [PD-003] requested SoCGs with the parties listed in Table 3-1, alongside four Statutory Undertakers (National Grid, Network Rail, National Gas, Northern Powergrid). As per the Applicant's Response [PDA-001], the Applicant has prepared SoCGs with the requested parties, with the exception of these four Statutory Undertakers. The Applicant will continue to update the Statutory Undertakers Position Statement [REP5-026] to reflect the position with these bodies.
- 1.1.6. The Applicant will continue to engage with all stakeholder parties and update this SoC and the individual SoCGs throughout the Examination.

2. Structure of Statements of Common Ground

2.1.1. To ensure consistency in the approach taken to documenting matters agreed, those subject to further negotiation, or those not agreed, each SoCG follows a standard format.

2.1.2. The SoCGs have the following structure:

- Section 1 provides an introduction to the SoCG and a description of its purpose;
- Section 2 sets out the current position on different topics between the Applicant and the relevant party; and
- Appendix 1 details the record of engagement between the Applicant and the party.

3. List of Statements of Common Ground

3.1.1. The parties with which the Applicant has prepared an SoCG are listed in Table 3-1 below. The ExA requested the preparation of these SoCGs in the Rule 6 letter [PD-003].

- 4.1.1. This section provides an update on each SoCG, with Table 4-1 providing a high-level position on the status of the SoCGs.
- 4.1.2. The high-level positions used are:
- **SoCG in draft** – the SoCG has been drafted by the Applicant and shared with the other party, but discussion is ongoing prior to reaching a signed SoCG;
 - **Final signed SoCG with all matters agreed** – the final SoCG has been signed by both parties and all matters are agreed; and
 - **Final signed SoCG with matters outstanding** – the final SoCG has been signed by both parties and there remains matters outstanding that the Applicant and other party agreed will not be resolved during Examination.
- 4.1.3. Table 4-1 will be updated as necessary at each deadline submission.

5. Commonality

- 5.1.1. This section of the Statement of Commonality provides a summary in Table 5-1 of the main issues covered within the SoCGs and highlights where there is commonality in the topics.
- 5.1.2. The topics are defined at a high-level and may not reflect the structure of individual SoCGs. The topics broadly align with those of the Environmental Statement submitted as Volume 6 of the DCO application.
- 5.1.3. This is presented in Table 5-1 to show the topics covered by the SoCGs, where these are relevant for each party, and the position, using the following categorisation:

	All matters in relation to this topic agreed
	Matters in relation this topic both agreed and disagreed
	All matters in relation to this topic not agreed
	Matters in relation to this topic not discussed or raised in the SoCG

- 6.2.4. An updated SoCG with Darlington Borough Council (DBC) is provided at Deadline 7 (Document Reference 8.4.2, Rev 4).
