RE: Helios Renewable Energy Project Statement of Community Consultation (SoCC)– Response to LPA comments

Dear Michael

Thank you for your response to the Helios Renewable Energy Project Statement of Community Consultation (SoCC) which we received on 15th June. I am pleased to note that you are supportive of our approach to statutory consultation as set out within the SoCC.

We have reviewed your accompanying comments and provided a response to address each point for your information:

Paragraph	Authority's Comment	Helios response
Figure 2	Can the line drawn to show the CZZ be made clearer (different colour or thickness)?	The line has been thickened and updated for the final published SoCC.
7.2.1	Can the area for the wider consultation zone be identified?	The 'wider' consultation zone is, in effect, all areas outside of the Core Consultation Zone (CCZ). To ensure that individuals and organisations situated outside of the CCZ are given the opportunity to participate, we will raise awareness of the consultation in the following ways: <ul style="list-style-type: none">• Directly notify those people and organisations who have registered an interest in the Proposed Development through direct engagement or participation in informal consultation phase.• Publish a Section 48 notice in the local and national press and London Gazette.• Publicise the consultation by advertising in local media.• Publish consultation materials on the project website. Additional measures have been set out in Table 1, para 8.2.6 of the SoCC.
8.1.1	Will the actual dates for consultation be inserted?	We are currently anticipating consultation to begin on 26 October 2023 and close on 7 December 2023, but may be subject to slight

		adjustments. These dates will be published in the final SoCC.
8.2.2	Will a list of EDI/under-represented groups be included?	<p>A list of EDI groups has been identified and agreed with North Yorkshire Council. These will be listed in the final SoCC. However, should we identify additional groups then we will also consult with those.</p> <ul style="list-style-type: none"> • Selby District Association of Voluntary Service • York CVS • York LGBT Forum • Selby Young People’s Community (SYPCO) • Age UK Selby District • Friends, Family and Travellers • North Yorkshire Disability Forum (Selby Disability Forum) • North Yorkshire Young Carers Selby • Samaritans York • Disability North
8.6.1	Can details of the times and dates of the public events be included	We have now confirmed the timings for the public consultation events and have updated the SoCC with these details.
8.7.3	Will hard copies of the document be available? If so what will the cost be?	<p>Hard copies of the SoCC will be made available at Selby Library, Snaith Library, and Goole Library from the date of publication of the SoCC.</p> <p>Hard copies of all other documents will be available at consultation events and can also be provided upon request. With the exception of the Full PEIR (with annexes) all other documents can be provided free of charge.</p>
General Comment	Should references to NTS and DCO be set out in full within the document?	It is generally accepted that abbreviations only need to be written in full in the first instance, however, we will review use of these within the document for ease of understanding.

For your information, we are intending to publish the final SoCC in October, with statutory consultation being undertaken from the end of October to the start of December. Dates will be confirmed within the SoCC and communicated locally via the identified means set out within the SoCC.

Should you wish to discuss any aspect of this with the project team, please do not hesitate to contact me directly.

Yours sincerely

Principal Planner and HREP Lead
