Dear Matthew,

Thank you for taking the time to call and clarify the situation and for understanding our position in representing the GA Industry.

Our position on this application is clear: we strongly object to this proposal in its current form.

We therefore ask to be registered as an Interested Party so that we can continue to support Burn Gliding Club's case and work to ensure that appropriate mitigation measures are in place to allow the continued safe operation of their activities.

If you require any further information please contact me directly using the contact details provided.

Kind regards

John
