1. Introduction

1.1. Purpose of this document

- 1.1.1. This document details the Applicant’s amendments to the draft Development Consent Order (dDCO) [AS-007] made since its submission. This document will be updated throughout the Examination and submitted at relevant deadlines.
- 1.1.2. Table 1.1 below sets out each material track-change made to the dDCO, the reason for making each change, and the Examination deadline the change was made at.
- 1.1.3. The track-changes shown in Table 1.1 reflect the changes made against the version of the dDCO most recently submitted unless otherwise noted in the comments column. For example, if an updated version of the dDCO is submitted at Deadline 4, the track changes set out below for Deadline 4 would show the changes made to the version of the dDCO previously submitted at Deadline 3. However the Applicant will submit at the final deadline a version of the dDCO which includes all the track change amendments since submission.
- 1.1.4. Table 1.1 does not detail any non-material changes made to the dDCO by the Applicant throughout the Examination including to amend typos, to correct formatting, or to update cross-references within the dDCO and the Table of Contents.
