

Submission ID: 30646

Hello Tillbridge Solar Team,

My name is Paul Marris and I live at [REDACTED]. I own [REDACTED] and [REDACTED] [REDACTED] towards the western boundary of the project. You can see this green patch near the figure of number 9. This is a wildlife habitat with all the usual woodland birds and animals. I am extremely concerned for the implications of panels all around my wood. I would like to suggest a one hundred metre clear ride all around the wood with no panels. I am not opposed to renewable energy, but at what cost to the wildlife in this area. I would be most grateful if you will give this some consideration. Unfortunately I can not attend the meeting at Gainsborough Golf Club at Thonock Park on the 15th October, as I have already another commitment on that day, which has been arranged for several months. Thank you for your letter dated 17th September 2024, which has allowed me to send this email to you.

Kind Regards

Paul Marris
