Please visit the B1398 on Middle Street Driving from Ingham all the way to the hemswell roundabout to understand the cumulative impact/view with all the other projects. For Tillbridge take in the view from Coach Road Glentworth to the Hemswell Roundabout on the B1398.

The Lincolnshire Jurassic Cliff is an area a designated landscape value and the village of Glentworth is a conservation area. You will see from the cliff there is no way the visual impact cannot be mitigated
