Dear ExA

## **Tillbridge Solar Project ExQ1 - late response - we appear not to have received ExQ1 on 19 Nov 2024**

### **Interested Party Reference number: 20049713**

We appear not to have received the ExQ1 email on 19 Nov 2024 (my apologies if the oversight was on our part).

We are mentioned in the following question.

### **Q1. 7.1 Applicant, LCC and Historic England**

Assets scoped out ES paragraph 8.9.7 [APP-039] states: “The DBA identified assets which would not experience any impacts or effects as a result of the construction, operation, or decommissioning of the Scheme and were scoped out of assessment within this ES Chapter.” Are LCC, NCC and/ or Historic England (HE) satisfied with the approach taken and the identified assets which have been scoped out?

### **Historic England Advice**

Historic England has no outstanding issues with the approach taken and the identified assets which have been scoped out. The areas covered in our dialogue with the applicant are memorialised in the SoCG.

Yours sincerely

Tim Allen
