Dear [REDACTED]

**EAST YORKSHIRE SOLAR FARM
PLANNING ACT 2008 SECTION 47: DUTY TO CONSULT LOCAL COMMUNITY
REQUEST FOR COMMENTS ON THE STATEMENT OF COMMUNITY CONSULTATION**

I am writing to you regarding the proposed East Yorkshire Solar Farm, a solar electricity generation and storage facility to the north of Howden which will produce approximately 400MW of low-carbon electricity and deliver it to the National Grid via an underground cable to Drax Power Station.

The proposed scheme is identified as a Nationally Significant Infrastructure Project under the Planning Act 2008 (as amended) (the 2008 Act) and therefore we are required to submit an application for a Development Consent Order (DCO) to the Planning Inspectorate ('the Inspectorate'). We intend to make our application for a DCO in late 2023.

Before applying for a DCO, we must consult with the relevant host local authorities on the content of our Statement of Community Consultation (SoCC). The SoCC details how and when we will consult the local community and the channels available to respond to our consultation.

Please treat this letter as notice of a request for comments on the contents of our SoCC from East Riding of Yorkshire Council in accordance with Section 47(2) of the 2008 Act.

This is an important opportunity for you to share your views on our SoCC. We strongly encourage you to provide your views to us; we will record how we have considered your views by responding to you directly in writing, and in our Consultation Report which forms part of our application for a DCO to the Inspectorate.

Please respond to this letter with your comments on the SoCC by 11.59pm on Monday, 13 March 2023

To aid the process of providing your comments, please find attached our SoCC (provided as an MS Word file) for you to review. Please provide any comments and suggested amendments in track changes as doing this will assist us in ensuring these are recorded and considered.

Please confirm receipt of this email and the accompanying SoCC. If you wish to discuss the content of this email, please do not hesitate in contacting me using the contact details provided as soon as possible to support provision of your comments by 10 March 2023 as this deadline cannot be extended.

I look forward to hearing from you.
