You don't often get email from [REDACTED]@gmail.com. [Learn why this is important](#)

I attended the Inspectorate meeting on 21/5/24 chaired by Mr Simon Warder.

During the discussions a Mr Field asked the Inspector to consider taking advice from an independent electrical engineer to verify/ validate the claims being made by the Applicant, Boom Power.

Mr Warder said this wasn't a decision he could make there and then and would go away and give it due consideration.

I am writing to ask if he has done this and come to a decision?

The Applicant's representative Amy Stirling said they had their own Electrical Engineers and didn't see the need for an Independent Review.

I would like to stress that the Electrical Engineers for the project are being employed by Boom and therefore cannot demonstrate impartiality.

Thank you for taking the time to read my email. I am a resident of Gribthorpe and am deeply concerned on the impact this project will have on the community, the countryside, my family and home.

Kind regards
Jan Wildgoose
