Dear Sirs

Regarding the application and the specific areas re Ecological and the Goose & Plover Migration areas could you consider if they are in the scheme and under the control of the Applicant for the 40 years. I have been informed via a third party that the migration area is not in the scheme so how can the applicant control the usage so it is available for the wildlife. Will it be taken on compulsory purchase?

I am sorry if this is incorrect but the third party indicated that he was talking to a landowner who says he has not signed into the scheme.

Yours sincerely
Tony Brown
