My husband [Ref no 20047454] has sent in comments which I agree with but I would also like to add the following comments

I am very worried about the state of the roads and traffic volumes and the detrimental impact this project will have on them with increased volumes of HGVs.

The effect of the security fences, lighting will make it feel like going into a prison to get to my home. I live in [REDACTED] which will be surrounded on 3 sides by panels.

Although I will be long gone what safeguards will be in place to ensure the land is returned to as it is now by the landowners at the end of the scheme.

Therefore I do not support this application

Thank you
