## Interested Party Reference number: 20047192

Hello Again,

Please consider on your visit to Spaldington area the difference of habitat in summer versus winter and the large numbers of waders and fowl that move inland in late autumn both resident and migratory birds?

The Humber catchment area is huge and birds have travelled on their seasonal routes for literally centuries.

The other consideration is the latest legislation on Hedgerows the developer needs to evaluate in their plans?

[New hedgerow regulations: what you need to know - Game and Wildlife Conservation Trust \(gwct.org.uk\)](#)

Regards....

Andy Belk
