Deadline Two: Comment from the Canal & River Trust

Waterway: River Ouse

The Canal & River Trust (the 'Trust') is a statutory party for the purposes of s.88(3) of the Planning Act 2008 ("the 2008 Act") as the Application is likely to have an impact on the River Ouse, or land adjacent to the river, for which the Trust is Navigation Authority.

The Trust has previously provided comment on the scheme through Relevant Representation and through Comment at Deadline One.

We note the submission of the agreed Statement of Common Ground between the applicant and the Trust and a revised Draft Development Consent Order by the applicant at Deadline One.

The Trust is satisfied with the content of these documents, upon which we are in agreement with the applicant. As a result, there are no outstanding representations/objections to the Project from the Trust.

The above comments are given without prejudice to other matters or comments that may be raised by the Trust at a later stage of the Examination process should later revisions be made to the draft DCO that affect the Trust.

Please do not hesitate to contact me with any queries you may have.

Yours sincerely,
