## **APPENDIX G1: Section 42(1)(d) Consultee List**

## S42(1)(d) Consultees

This appendix provides a list of those consulted on the Scheme under section 42(1)(d) of PA 2008 in January 2022.

Each table includes the category of the interest (for the purposes of section 44), the dates between which the interest was consulted, and a reference to the appendix in which an example of the letter from the consultation can be found.

**Interests that were consulted on 25 January 2022 under section 42(1)(d) of PA 2008 are set out in table G-1.1 below**

Contact ID	Consultee	Category	Type of Interest	Consultation Date	Example of Letter
2940757	Anglian Water Services Limited	1	Freeholder	25 January 2022 - 21 March 2022	Appendix G2.1

## **APPENDIX G2: Section 42(1)(d) Letter**

# G2.1: Section 42(1)(d) Letter- Interests that were consulted on 19 January 2022

**IMPORTANT: THIS COMMUNICATION AFFECTS YOUR PROPERTY**

**Bramford to Tinstead Reinforcement**

**Statutory Consultation Notice under Sections 42, 44 and 47 of the Planning Act 2008**

Dear [x]

Date 19 January 2022

**Bramford to Tinstead Reinforcement**

**Consultation Notice Under Sections 42, 44 and 47 of the Planning Act 2008**

I am writing on behalf of National Grid Electricity Transmission Plc (NGET) to inform you of the start of the statutory consultation for the Bramford to Tinstead reinforcement under the Planning Act 2008 ("the Act"). The Consultation will run from **25 January 2022 to 21 March 2022**.

We are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by these proposals. If you have instructed a land agent to act on your behalf, we have also written to your land agent enclosing a copy of this letter.

NGET proposes to reinforce the transmission network between the existing Bramford Substation in Suffolk, and Tinstead Tee in Essex. This would be achieved by the construction and operation of a new 400 kilovolt (kV) electricity transmission line over a distance of approximately 29 km.

The reinforcement would comprise approximately 19 km of overhead line (consisting of approximately 55 new pylons and conductors) and 10 km of underground cable system (consisting of 20 cables with associated joint bays and above ground link pillars).

Four Cable Sealing End Compounds would be required to facilitate the transition between the overhead line and underground cable technology.

It is proposed that approximately 27.5 km of existing overhead line and associated pylons would be removed as part of the proposals (25 km of existing 132 kV

overhead line between Burstall Bridge and Twinstead Tee, and 2.5 km of the existing 400 kV overhead line to the south of Twinstead Tee). To facilitate the overhead line removal, a new grid supply point substation is required at Butler's Wood, east of Wickham St Paul, in Essex.

Two options are proposed for the new 400 kV overhead line in the vicinity of Hintlesham Woods. Option 1 would utilise the alignment and pylons of the existing 400 kV overhead line through the woods, whilst the existing 400 kV overhead line would be re-routed to the north and west of Hintlesham Woods. Option 2 would parallel the existing 400 kV overhead line to the south, with pylons located outside of the woodland and the conductors crossing the woods.

The project is a Nationally Significant Infrastructure Project (NSIP) under the Act. We are therefore required to submit an application for development consent to the Secretary of State for Business, Energy and Industrial Strategy. The development consent being sought will include a number of other provisions, including those which authorise the compulsory acquisition of land and rights over land, if necessary, to construct and maintain the project.

We are now consulting on these proposals. As noted above, we are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by our proposals.

Therefore, please find enclosed our project newsletter, which provides an overview of the proposals and how to take part in the consultation. Detailed plans of our proposals can be found in our General Arrangement and Typical Design and Layout Plans in the Landowner tab of our website: [nationalgrid.com/bramford-twinstead](http://nationalgrid.com/bramford-twinstead).

We have also publicised the consultation through a notice in various local and national newspapers, in accordance with Section 48 of the Act. A copy of that notice is enclosed with this letter and sets out where and how consultation documents can be inspected.

### **What you need to do now**

The consultation period runs from **25 January 2022 to 21 March 2022** and feedback may be submitted during this time in a number of ways:

- Complete a form on our website at [nationalgrid.com/bramford-twinstead](http://nationalgrid.com/bramford-twinstead)
- Email us at [contact@bramford-twinstead.nationalgrid.com](mailto:contact@bramford-twinstead.nationalgrid.com)
- Write to FREEPOST B TO T REINFORCEMENT

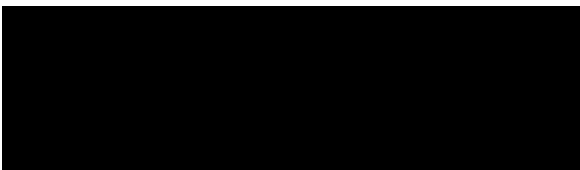

We will consider all comments received relating to the proposals. Your feedback can influence the final proposals before we submit our application to the Planning Inspectorate (acting on behalf of the Secretary of State). We would encourage you to take part and submit your comments.

We would also like your views on the environmental assessments and information which we are presenting. This information is detailed in the Preliminary Environmental Information Report, which is available online, at our webinars, 'ask the experts sessions,' and at the specified deposit locations or on request. Comments on any other aspect of the project are also welcome.

We are very keen to discuss the proposals with you personally at one of the events or, alternatively, to meet with you at a time and place convenient to you. A member of our lands team will contact you in the near future to arrange a meeting. If you have any questions about this letter or the enclosures please call on 01452 889000 or email: [bramford-twinstead@brutonknowles.co.uk](mailto:bramford-twinstead@brutonknowles.co.uk)

Thank you for your attention to this matter, we look forward to hearing from you soon.

Yours faithfully

John Bevan

We are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by these proposals. If you have instructed a land agent to act on your behalf, we have also written to your land agent enclosing a copy of this letter.

NGET proposes to reinforce the transmission network between the existing Bramford Substation in Suffolk, and Twinstead Tee in Essex. This would be achieved by the construction and operation of a new 400 kilovolt (kV) electricity transmission line over a distance of approximately 29 km.

The reinforcement would comprise approximately 19 km of overhead line (consisting of approximately 55 new pylons and conductors) and 10 km of underground cable system (consisting of 20 cables with associated joint bays and above ground link pillars).

Four Cable Sealing End Compounds would be required to facilitate the transition between the overhead line and underground cable technology.

It is proposed that approximately 27.5 km of existing overhead line and associated pylons would be removed as part of the proposals (25 km of existing 132 kV

overhead line between Burstall Bridge and Twinstead Tee, and 2.5 km of the existing 400 kV overhead line to the south of Twinstead Tee). To facilitate the overhead line removal, a new grid supply point substation is required at Butler's Wood, east of Wickham St Paul, in Essex.

Two options are proposed for the new 400 kV overhead line in the vicinity of Hintlesham Woods. Option 1 would utilise the alignment and pylons of the existing 400 kV overhead line through the woods, whilst the existing 400 kV overhead line would be re-routed to the north and west of Hintlesham Woods. Option 2 would parallel the existing 400 kV overhead line to the south, with pylons located outside of the woodland and the conductors crossing the woods.

The project is a Nationally Significant Infrastructure Project (NSIP) under the Act. We are therefore required to submit an application for development consent to the Secretary of State for Business, Energy and Industrial Strategy. The development consent being sought will include a number of other provisions, including those which authorise the compulsory acquisition of land and rights over land, if necessary, to construct and maintain the project.

We are now consulting on these proposals. As noted above, we are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by our proposals.

Therefore, please find enclosed our project newsletter, which provides an overview of the proposals and how to take part in the consultation. Detailed plans of our proposals can be found in our General Arrangement and Typical Design and Layout Plans in the Landowner tab of our website: [nationalgrid.com/bramford-twinstead](http://nationalgrid.com/bramford-twinstead).

We have also publicised the consultation through a notice in various local and national newspapers, in accordance with Section 48 of the Act. A copy of that notice is enclosed with this letter and sets out where and how consultation documents can be inspected.

## What you need to do now

The consultation period runs from **25 January 2022 to 21 March 2022** and feedback may be submitted during this time in a number of ways:

- Complete a form on our website at [nationalgrid.com/bramford-twinstead](http://nationalgrid.com/bramford-twinstead)
- Email us at [contact@bramford-twinstead.nationalgrid.com](mailto:contact@bramford-twinstead.nationalgrid.com)
- Write to FREEPOST B TO T REINFORCEMENT

We will consider all comments received relating to the proposals. Your feedback can influence the final proposals before we submit our application to the Planning Inspectorate (acting on behalf of the Secretary of State). We would encourage you to take part and submit your comments.

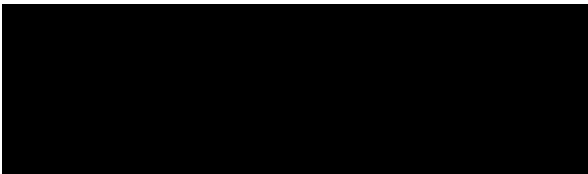

We would also like your views on the environmental assessments and information which we are presenting. This information is detailed in the Preliminary

Environmental Information Report, which is available online, at our webinars, 'ask the experts sessions,' and at the specified deposit locations or on request. Comments on any other aspect of the project are also welcome.

We are very keen to discuss the proposals with you personally at one of the events or, alternatively, to meet with you at a time and place convenient to you. A member of our lands team will contact you in the near future to arrange a meeting. If you have any questions about this letter or the enclosures please call on 01452 889000 or email: [bramford-twinstead@brutonknowles.co.uk](mailto:bramford-twinstead@brutonknowles.co.uk)

Thank you for your attention to this matter, we look forward to hearing from you soon.

Yours faithfully

John Bevan

# G2.5: Section 42(1)(d) Letter- Interests that were consulted on 18 February 2022

Name  
Address

**IMPORTANT: THIS COMMUNICATION AFFECTS YOUR PROPERTY**

**Bramford to Twinstead Reinforcement**

**Statutory Consultation Notice under Sections 42, 44 and 47 of the Planning Act 2008**

Dear Name

Date 18 February 2022

**Bramford to Twinstead Reinforcement**

**Consultation Notice Under Sections 42, 44 and 47 of the Planning Act 2008**

I am writing on behalf of National Grid Electricity Transmission Plc (NGET) to inform you of the statutory consultation for the Bramford to Twinstead reinforcement under the Planning Act 2008 ("the Act"). The Consultation is running from **25 January 2022 to 21 March 2022**.

We are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by these proposals. If you have instructed a land agent to act on your behalf, we have also written to your land agent enclosing a copy of this letter.

NGET proposes to reinforce the transmission network between the existing Bramford Substation in Suffolk, and Twinstead Tee in Essex. This would be achieved by the construction and operation of a new 400 kilovolt (kV) electricity transmission line over a distance of approximately 29 km.

The reinforcement would comprise approximately 19 km of overhead line (consisting of approximately 55 new pylons and conductors) and 10 km of underground cable system (consisting of 20 cables with associated joint bays and above ground link pillars).

Four Cable Sealing End Compounds would be required to facilitate the transition between the overhead line and underground cable technology.

It is proposed that approximately 27.5 km of existing overhead line and associated pylons would be removed as part of the proposals (25 km of existing 132 kV overhead line between Burstall Bridge and Twinstead Tee, and 2.5 km of the existing 400 kV overhead line to the south of Twinstead Tee). To facilitate the overhead line removal, a new grid supply point substation is required at Butler's Wood, east of Wickham St Paul, in Essex.

Two options are proposed for the new 400 kV overhead line in the vicinity of Hintlesham Woods. Option 1 would utilise the alignment and pylons of the existing 400 kV overhead line through the woods, whilst the existing 400 kV overhead line would be re-routed to the north and west of Hintlesham Woods. Option 2 would parallel the existing 400 kV overhead line to the south, with pylons located outside of the woodland and the conductors crossing the woods.

The project is a Nationally Significant Infrastructure Project (NSIP) under the Act. We are therefore required to submit an application for development consent to the Secretary of State for Business, Energy and Industrial Strategy. The development consent being sought will include a number of other provisions, including those which authorise the compulsory acquisition of land and rights over land, if necessary, to construct and maintain the project.

We are now consulting on these proposals. As noted above, we are contacting you, in accordance with Sections 42, 44 and 47 of the Act, because we believe that you have an interest in land that may be affected by our proposals.

Therefore, please find enclosed our project newsletter, which provides an overview of the proposals and how to take part in the consultation. Detailed plans of our proposals can be found in our General Arrangement and Typical Design and Layout Plans in the Landowner tab of our website: [nationalgrid.com/bramford-tinstead](http://nationalgrid.com/bramford-tinstead).

We have also publicised the consultation through a notice in various local and national newspapers, in accordance with Section 48 of the Act. A copy of that notice is enclosed with this letter and sets out where and how consultation documents can be inspected.
