CERTIFICATE OF COMPLIANCE WITH SECTION 56 OF THE PLANNING ACT 2008

I HEREBY certify that, in compliance with the requirements of section 56 of the Planning Act 2008 –

- (a) notice of the accepted application was given to the required persons identified in accordance with section 56;

in relation to the application for an order to grant development consent for the National Grid Bramford to Twinstead Reinforcement, which proposes to reinforce the electricity transmission network between the existing Bramford Substation in Suffolk, and Twinstead Tee in Essex. This would be achieved by the construction and operation of a new electricity transmission line over a distance of approximately 29 kilometres (km). The reinforcement would comprise approximately 18km of overhead line (consisting of approximately 50 new pylons, and conductors) and 11km of underground cable system (with associated joint bays and above ground link pillars). Four cable sealing end compounds would be required to facilitate the transition between the overhead line and underground cable technology. It is proposed that approximately 27km of existing overhead line and associated pylons would be removed as part of the proposals (25km of existing 132 kilovolts (kV) overhead line between Burstall Bridge and Twinstead Tee, and 2km of the existing 400kV overhead line to the south of Twinstead Tee). To facilitate the overhead line removal, a new grid supply point (GSP) substation is required at Butler's Wood, east of Wickham St Paul, in Essex.

The deadline date for all representations to be received by the Secretary of State under section 56 was 18 July 2023 at 23:59.

(Completed certificate to be received by the Secretary of State no later than 10 working days after the deadline date stating the applicant has fulfilled all the requirements at (a), (b) and (c) above).
