

Planning Act 2008

The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017

CERTIFICATE OF COMPLIANCE WITH REGULATION 16

I HEREBY certify that, in compliance with the requirements under regulation 17 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017:–

- (a) notice of the application was given to the persons identified under regulation 11; and
- (b) a copy of the accepted application including the environmental statement and a map was given to the consultation bodies in accordance with regulation 16.

in relation to the application for an order to grant development consent for the National Grid Bramford to Twinstead Reinforcement, which proposes to reinforce the electricity transmission network between the existing Bramford Substation in Suffolk, and Twinstead Tee in Essex. This would be achieved by the construction and operation of a new electricity transmission line over a distance of approximately 29 kilometres (km). The reinforcement would comprise approximately 18km of overhead line (consisting of approximately 50 new pylons, and conductors) and 11km of underground cable system (with associated joint bays and above ground link pillars). Four cable sealing end compounds would be required to facilitate the transition between the overhead line and underground cable technology. It is proposed that approximately 27km of existing overhead line and associated pylons would be removed as part of the proposals (25km of existing 132 kilovolts (kV) overhead line between Burstall Bridge and Twinstead Tee, and 2km of the existing 400kV overhead line to the south of Twinstead Tee). To facilitate the overhead line removal, a new grid supply point (GSP) substation is required at Butler's Wood, east of Wickham St Paul, in Essex.

(Completed certificate to be received by the Secretary of State no later than 10 working days after the deadline date stating the applicant has fulfilled all the requirements at (a) and (b))

Case Reference No: EN020002

Applicant: National Grid Electricity Transmission plc (company number 02366977) of 1-3 Strand, London, WC2N 5EH
