1. Introduction

1.1 Overview

- 1.1.1 This document, which is submitted in accordance with Procedural Decision 9 of the Examining Authority's (ExA) Rule 6 Letter dated 7 August 2023 [**PD-002**], provides:
- a tracking list of commercial side agreements and contracts proposed and/or entered into between the Applicant and Interested Parties or other persons for reasons associated with the Bramford to Twinstead Reinforcement (the project); and
 - a tracking list of Protective Provisions included in the draft DCO (**document 3.1 (FE)**), noting the requirement set out in Annex A (Examination Timetable) of the Rule 8 Letter dated 19 September 2023 [**PD-003**] for the Applicant to submit, at Deadline 5, final agreed Protective Provisions with all relevant statutory undertakers.
- 1.1.2 It is anticipated that this document will evolve and be updated as the Examination progresses.
- 1.1.3 The Applicant does not currently envisage that any planning obligations under the Town and Country Planning Act 1990 (TCPA 1990) or other legislative provisions relevant to planning are required and therefore has not included a tracker for these.

2. Commercial Side Agreements and Protective Provisions

- 2.1.2 As is common with commercial side agreements, specific details under negotiation are subject to confidentiality provisions preventing public disclosure. Therefore, an outline summary of the subject matter is all that it is possible for the Applicant to provide.
- 2.1.3 The Applicant will update the ExA on the progress of each commercial side agreement through updates to this tracking list issued into the Examination at relevant deadlines.
