Dear Sir or Madam

### **The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 17**

#### **Application by National Grid Electricity Transmission plc for an Order granting Development Consent for the Bramford to Twinstead Reinforcement**

You submitted your final 'Compulsory Acquisition and Temporary Possession Objections Schedule' (Document 8.4.4 (F)) [Examination Library reference to be confirmed] and 'Applicant's Protective Provisions and Commercial Side Agreements Tracking List' (document 8.7.8 (E)) [Examination Library reference to be confirmed] at Deadline 9 in the Examination Timetable. This shows that Protective Provisions have not been agreed with one or more Statutory Undertakers.

In each case, using the relevant Part of Schedule 14 of your final draft Development Consent Order (submitted at Deadline 9) [Examination Library reference to be confirmed] as the baseline template, please highlight those sections of the relevant Protective Provisions where differences remain between you and the Statutory Undertaker, with justification for the retention of your drafting. In doing so, it may assist you to know that the Examining Authority found the approach taken in the following Examination Library documents from the Yorkshire Green Energy Enablement (GREEN) Project helpful: [\[REP6-063\]](#); [\[REP6-064\]](#); [\[REP6-065\]](#); and [\[REP6-066\]](#).

The Examining Authority asks that you submit the requested information by Deadline 10 in the Examination Timetable, Monday 11 March 2024.

Yours faithfully

*Andrew Mahon*
