13th November 2015

Dear Sir/Mdm

North Wales Wind Farms Connection Project Proposed Development Consent Order: Proposed Option B Changes.

We note from the document *Environmental Report in Support of Option B* and the associated 'Comparison Plan Sheets' that the proposed changes would have only minor effects on the scheme's level of environmental impact. Therefore, provided that the main river clearances that we have previously specified (12m vertically and 15m horizontally) are still exceeded, NRW's advice regarding the scheme remains unchanged.

Please contact David Hatcher (david.hatcher@cyfoethnaturiolcymru.gov.uk) should you wish to discuss this matter further.

Yours faithfully,

Richard Ninnes
Head of Ecosystems, Planning and Partnerships: North and Mid Wales
