Contents

1	Introduction	8
1.1	Purpose of the report	8
1.2	Project need	2
1.3	Structure of the Design Report	3
1.4	Relationship with Other Documents	5
2	Project Context and Development	6
2.1	Introduction	6
2.2	Legislation, policy and guidance	6
2.3	Approach to the Design and Routeing of New Electricity Transmission Lines	13
3	Consultation	18
3.1	Introduction	18
3.2	Stage 1 Consultation	18
3.3	Stage 2 Consultation	19
3.4	Stage 3 Consultation	20
3.5	How Consultation Influenced Design Decisions	20
4	Strategic Options	23
4.1	Options Considered	23
4.2	Selecting the Preferred Strategic Option	25
5	Route Corridor Identification and Selection	26
5.1	Introduction	26
5.2	Identifying the Route Corridors	26
5.3	Selecting the Preferred Route Corridor	32
5.4	Crossing of the menai strait and aonb	36
6	Route Option Identification and Selection	38
6.1	Introduction	38
6.2	The approach taken to the identification and selection of the preferred route option	39
6.3	Transpositions	41
6.4	Section A: Wylfa to Rhosgoch Routeing considerations and route Option identification	42
6.5	Section B: Rhosgoch to Llandyfrydog Routeing considerations and route Option identification	46
6.6	Section C: Llandyfrydog to B5110 to North of Talwrn Routeing considerations and route Option identification	51

6.7	Section D: B5110 North of Talwrn to Ceint Routeing considerations and route Option identification	56
6.8	Sections E and F: Ceint to Pentir - Routeing considerations and route Option identification	59
6.9	Summary	68
7	Aspects of the Proposed Design	70
7.1	Introduction	70
7.2	Permanent Works	70
7.3	Temporary Works	75
7.4	Statutory Powers	78
8	Section A: Wylfa to Rhosgoch	81
8.1	Introduction	81
8.2	Overview	81
8.3	Wylfa Substation	82
8.4	The Alignment	83
8.5	Design Changes Since Stage 3 Consultation	85
8.6	Summary	92
9	Section B: Rhosgoch to Llandyfrydog	94
9.1	Introduction	94
9.2	Overview	94
9.3	The Alignment	97
9.4	Design Changes Since Stage 3 Consultation	99
9.5	Summary	110
10	Section C: Llandyfrydog to B5110 North of Talwrn	111
10.1	Introduction	111
10.2	Overview	111
10.3	The Alignment	112
10.4	Design Changes Since Stage 3 Consultation	114
10.5	Summary	125
11	Section D: B5110 North of Talwrn to Ceint	126
11.1	Introduction	126
11.2	Overview	126
11.3	The Alignment	127
11.4	Design Changes Since Stage 3 Consultation	129
11.5	Penmynydd Road Construction Compound	136
11.6	Summary	138
12	Section E: Ceint to the Afon Braint	139

12.1	Introduction	139
12.2	Overview	139
12.3	The Alignment	140
12.4	Design Changes Since Stage 3 Consultation	142
12.5	Summary	150
13	Section F: Afon Braint to Pentir	151
13.1	Introduction	151
13.2	Overview	151
13.3	Tunnel and Route Alignments	152
13.4	Limits of Deviation	155
13.5	Design Changes Since Stage 3 Consultation	155
13.6	Summary	164
14	Conclusion	165
14.1	Conclusion	165

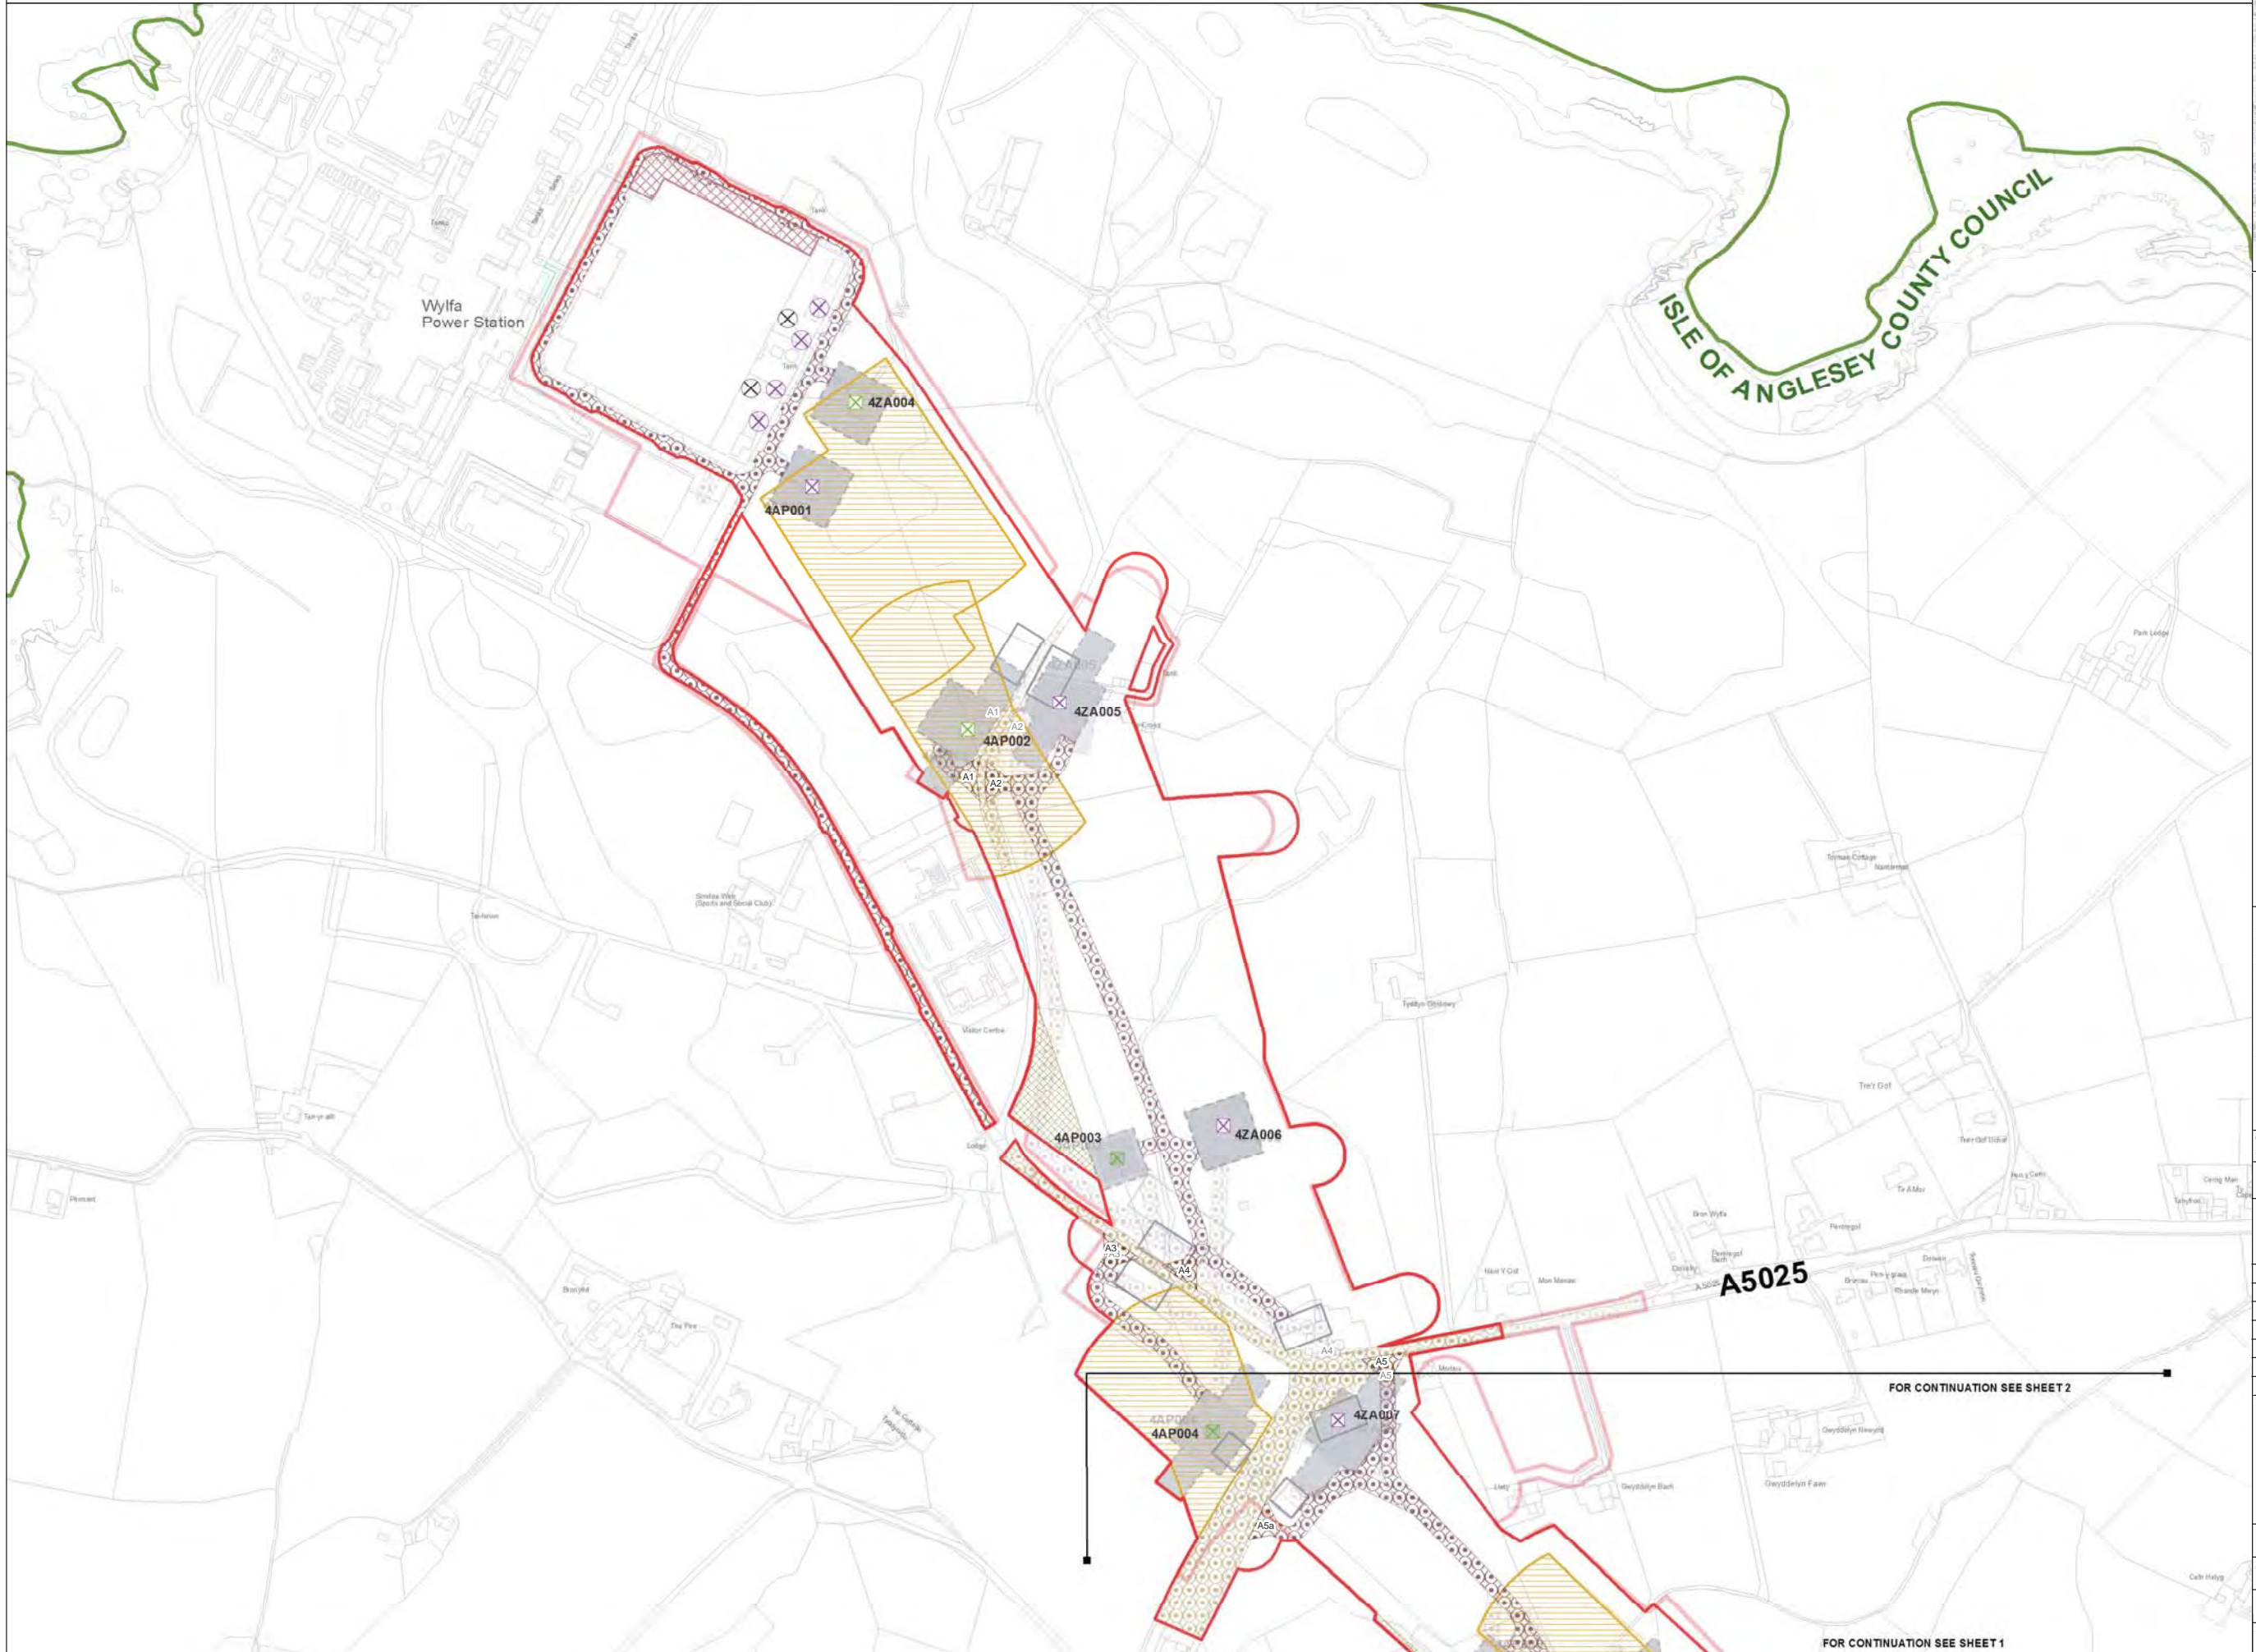

Appendices	
Appendix A	Comparison of Proposed Development and Stage 3 Consultation Design – Alignment (Option A)
Appendix B	Comparison of Proposed Development and Stage 3 Consultation Design – Alignment (Option B)
Appendix C	Comparison of Proposed Development and Stage 3 Consultation Design – National Grid Construction (Option A)
Appendix D	Comparison of Proposed Development and Stage 3 Consultation Design – National Grid Construction (Option B)
Appendix E	Comparison of Proposed Development and Stage 3 Consultation Design – Third Party Works (Option A)
Appendix F	Comparison of Proposed Development and Stage 3 Consultation Design – Third Party Works (Option B)
Appendix G	Synchronisation Schedule (Option A)
Appendix H	Synchronisation Schedule (Option B)

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

 - THIRD PARTY OVERHEAD ASSET TO BE MODIFIED
 - THIRD PARTY UNDERGROUND ASSET TO BE MODIFIED
 - AREA WITHIN WHICH MODIFIED THIRD PARTY ASSET IS TO BE LOCATED
 - ACCESS TRACKS - THIRD PARTY

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

THE NATIONAL GRID (NORTH WALES CONNECTION PROJECT) ORDER
 COMPARISON OF PROPOSED DEVELOPMENT AND STAGE 3 CONSULTATION DESIGN - THIRD PARTY - OPTION B
 FIGURE F-5
 GWYNEDD COUNCIL

Legend

- LOCAL AUTHORITY BOUNDARY
- SECTION BOUNDARY
- Proposed Development**
- ORDER LIMITS
- NEW FULL LINE TENSION GANTRY
- NEW GANTRY
- GANTRY TO BE REMOVED
- NEW LATTICE PYLON
- NEW LOW HEIGHT LATTICE PYLON
- EXISTING LATTICE PYLON TO BE REMOVED
- EXISTING LATTICE PYLON TO BE MODIFIED
- EXISTING LATTICE PYLON NOT AFFECTED
- TEMPORARY LATTICE PYLON
- THIRD PARTY OVERHEAD ASSET TO BE MODIFIED
- THIRD PARTY UNDERGROUND ASSET TO BE MODIFIED
- AREA WITHIN WHICH MODIFIED THIRD PARTY ASSET IS TO BE LOCATED
- ACCESS TRACKS - THIRD PARTY
- Stage 3 Consultation**
- ORDER LIMITS
- NEW FULL LINE TENSION GANTRY
- NEW GANTRY
- GANTRY TO BE REMOVED
- NEW LATTICE PYLON
- NEW LOW HEIGHT LATTICE PYLON
- EXISTING LATTICE PYLON TO BE REMOVED
- EXISTING LATTICE PYLON TO BE MODIFIED
- EXISTING LATTICE PYLON NOT AFFECTED
- TEMPORARY LATTICE PYLON
- THIRD PARTY OVERHEAD ASSET TO BE MODIFIED
- THIRD PARTY UNDERGROUND ASSET TO BE MODIFIED
- AREA WITHIN WHICH MODIFIED THIRD PARTY ASSET IS TO BE LOCATED
- ACCESS TRACKS - THIRD PARTY

Notes

This drawing is scaled at paper size A1, therefore any prints taken at smaller sizes will affect accuracy of the measurement units and should not be scaled against.

The OS Boundary Line (Local Authority Boundary) data has been mapped against the OS 1:10,000 Scale Raster mapping and therefore will not be accurate when displayed at a different scale.

'X' prefix on pylon number denotes an existing pylon to be removed.

'T' suffix on pylon number denotes a temporary pylon.

New Belmouths onto Public Highways are labelled by section (e.g. A1).

This plan is illustrative and combines data from the S42 and DCO design phases. Any dimensions are typical or illustrative dimensions. Actual apparatus may differ in style, model and size.

For further explanation please see DCO plans guidance document.

Coordinate System: British National Grid
 Sheet X Centroid Coordinate: 255904 Sheet Y Centroid Coordinate: 367783

0 50 100 200 Metres
