Dear Mr Buxton.

Further to your e-mail of 25th January 2016 to our land Agent, Mr Iwan Jones, regarding a visit from a consultant hydrologist to determine the source of our private water spring.

As you can see from Mr Jones's e-mail to us, he has been unable to access his e-mails, and therefore was unable to inform us that the hydrologist was in the area. I did not get his e-mail until I came home from work Friday evening.

It is imperative that the source of the spring is located before the we are able sign the Heads of Terms and WPD commence their construction works.

We would appreciate if you could re arrange the hydrologist to visit us to carry out this work.

We will require a minimum 7 days notice and the visit would need to be at weekends due to work commitments.

Yours sincerely

Mr & Mrs B Davies

Dear Iwan,

WPD is aware that your client's Mr and Mrs Davies of Llwyn-Newydd have some questions regarding water run-off. A consultant hydrologist will be in the area on Friday 29th January and could attend a meeting with them to review their concerns. The meeting could be anytime between 2pm and 4pm. The meeting is not essential but is offered if it would be helpful to your clients, otherwise we'll await a schedule of their concerns as requested from you in our letter of 16th December.

Please would you enquire of your clients whether they would like this meeting and get back to me.

Kind regards,

Nick
