Dear Katherine,

Please could you pass on to the Inspector the following observations we have made on reading the above document, and feel are not correct.

1) 08.03.2014

When Eirian and Nigel Morris attended the meeting at the Ivy Bush, no mention was made of any surveys whatsoever.

2) 03.04.2014

When we were visited at around 5.30pm, milking time, the gentleman who visited said he had been sent over by Mr. Ashley Jones of Ty Llwyd Mawr to ask us about plots of unregistered land and enquire as to whether they were owned by us. A map showing the plots in question was produced and the man left. The visit lasted 10 minutes at the most and at no time did a survey enter the conversation, neither was access discussed or agreed to.

3) 09.10.2014

A meeting between Eirian and Nigel Morris and a visitor who told us he did not work for WPD took place at the bungalow on the farm.

During this visit a request was made to move the line East towards the hedge.

We were told that under no circumstances could the line be moved but that the positioning of the posts could perhaps be changed. We later learned that Jones, Ty Llwyd Mawr were told that perhaps the position of the line could be moved as requested by them!

In addition to the above, we notice that a two day survey of wildlife and habitat which took place here during the week ending 10th July 2015 has been omitted.

Many thanks for reading and passing these observations on.

P and EJ Morris and Sons
