Introduction

This document provides a guide to National Grid's Richborough Connection Project Development Consent Order application and which document version is the most up to date.

This is a live document and will be updated when updates or revisions to existing documents are made and new documents are submitted to the Planning Inspectorate

Master Document List

The master document list table commences on page 2 and provides a full list of all the documents submitted to date, indicating either the latest revision (if applicable) or when a new document was submitted.

For ease of navigation these documents are grouped by volumes as follows (note the colours continue throughout on the document covers):

Volume	This volume
1. Application Information	provides details of the specific application information required by the Planning Inspectorate
2. Draft Development Consent Order	outlines the legal powers we are seeking from the Government to build the proposed connection
3. Compulsory Acquisition Information	provides evidence of why we may require legal powers of compulsory acquisition
4. Plans and Drawings	contains the plans which show where we propose to undertake the work
5. Environmental Information	shows how we assessed the potential impact on the environment
6. Consultation Report	provides details of the pre-application consultation that we have undertaken on the project
7. Other Documents	includes additional documents produced for the application submission

Submissions Made to the Planning Inspectorate								
The table below identifies the associated electronic files for the documents produced for submission. This is a live document and will be updated when updates or revisions to existing documents are made and new documents are submitted to the Planning Inspectorate. The left hand column of this table identifies the volume and title of the document. The remaining columns, if applicable, indicate when the latest version was produced.
