1	<b>Richborough Connection - Construction Programme</b>	◆ 11/07														
2	First Site access	■														
3	Install Site Compounds															
7	Install access/work areas, build new pylons and install conductors in Section Canterbury - PC2 and then remove 400kV access/work areas	▬														
34	Install access/work areas, build new pylons and install conductors in Section PC2 - PC6 and then remove 400kV access/work areas	▬														
118	Install access/work areas, build new pylons and install conductors in Section PC6 - PC17 and then remove 400kV access/work areas	▬														
231	Install access/work areas, build new pylons and install conductors in Section PC17 - PC24 and then remove 400kV access/work areas	▬														
291	Install access/work areas, build new pylons and install conductors in Section PC24 - PC28 and then remove 400kV access/work areas	▬														
331	Install access/work areas, build new pylons and install conductors in Section PC28 - PC33 and then remove 400kV access/work areas	▬														
360	Install access/work areas, build new pylons and install conductors in Section PC33 - PC44 and then remove 400kV access/work areas	▬														
554	Install access/work areas, build new pylons and install conductors in Section PC44 - PC51 and then remove 400kV access/work areas	▬														
600	Install access/work areas, build new pylons and install conductors in Section PC51 - PC57 and then remove 400kV access/work areas	▬														
644	Install access/work areas, build new pylons and install conductors in Section PC57 - Richborough and then remove 400kV access/work areas	▬														
675	Commission new 400kV overhead line	▬														
676																
677	<b>Demolition of PX Route</b>															
678	First Site access	◆ 30/09														
679	Install access/work areas and remove section from PX75 to PX78 and then remove all access/work areas	▬														
700	Install access/work areas and remove section from PX69 to PX75 and then remove all access/work areas	▬														
717	Install access/work areas and remove section from PX63 to PX69 and then remove all access/work areas	▬														
727	Install access/work areas and remove section from PX56 to PX63 and then remove all access/work areas	▬														
738	Install access/work areas and remove section from PX53 to PX56 and then remove all access/work areas	▬														
761	Install access/work areas and remove section from PX47 to PX53 and then remove all access/work areas	▬														
778	Install access/work areas and remove section from PX42 to PX47 and then remove all access/work areas	▬														
800	Install access/work areas and remove section from PX35 to PX42 and then remove all access/work areas	▬														
809	Install access/work areas and remove section from PX29 to PX35 and then remove all access/work areas	▬														
824	Install access/work areas and remove section from PX23 to PX29 and then remove all access/work areas	▬														
836	Install access/work areas and remove section from PX16 to PX23 and then remove all access/work areas	▬														
858	Install access/work areas and remove section from PX8 to PX16 and then remove all access/work areas	▬														
898	Install access/work areas and remove section from PX7 to PX8 and then remove all access/work areas	▬														
907	Install access/work areas and remove section from PX4 to PX6 and then remove all access/work areas	▬														
919	Install access/work areas and remove section from PX1 to PX4 and then remove all access/work areas	▬														
930	Remove and reinstate Site Compounds	■
