Dear Sir/Madam,

I write further to your letter of the 31<sup>st</sup> March 2017 requesting an update on whether the proposed agreement between the Applicant, National Grid, and Southern Water Services had been concluded.

I confirm that we are still negotiating the terms of the agreement. The main issues outstanding are;

**Expenses** – Terms for the repayment of costs associated with removal, alteration, protection or construction of any Southern Water assets required to accommodate works associated with the implementation of the Order.

**Compensation** – Liability to costs in relation to any damage caused to Southern Water assets as a result of works associated with the implementation of the Order.

We are keen to resolve the outstanding issues and have proposed a meeting to try and reach agreement.

Should you require any further information or clarification then please do not hesitate to contact me.

Yours faithfully

John Awdry
