Dear Sirs

**RE: REPRESENTATION IN RESPECT TO PROPOSED TRITON KNOLL ELECTRICAL SYSTEM,  
PROJECT EN020019**

The Board has been in dialogue with the applicants in respect to Land Drainage Act 1991 issues. The Board notes that the applicant intends to dis-apply Section 23 of the Act and the Board's Byelaws. The Board is in agreement in principle subject to the DCO and Protective Provisions being agreed with the Board's solicitors (a dialogue that is currently ongoing).

Yours Sincerely

**Andy Carrott**  
**Engineering Manager**
