Dear Ms. Jones

**Triton Knoll Electricity System (Application Reference: EN020019)**

We act on behalf of Western Power Distribution ("WPD"), a statutory undertaker pursuant to Regulation 3 and Schedule 1, Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009/2264 and we write with reference to the above application for development consent for the Triton Knoll Electricity System ("the Application").

Whilst we acknowledge that the deadline for receipt of relevant representations was Monday 13 July 2015, following a discussion earlier this week between yourself and my colleague, Lara Flynn, we understand that there is still an opportunity for interested parties to submit their comments on the Application.

Given the above, please consider this letter to be a holding response to indicate that WPD is currently reviewing the potential impact of the Application and is intending to submit a response very shortly (and in any event, in advance of the preliminary meeting scheduled for Thursday 3 September 2015).

I would be grateful if you could please acknowledge safe receipt of this letter.

Yours sincerely
