Dear Sir/Madam,

**Triton Knoll Electrical System Order. Planning Act 2008 (as amended) – Section 89 and the Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) – Procedural Decision, Rule 8(3) and Rule 13**

The following provides the MCA response to the second round of written questions on the application by Triton Knoll Offshore Wind Farm Limited for an Order Granting Development Consent for the Triton Knoll Electrical System.

Within the Examining Authority's Second Written Questions document, there is reference to the "Marine and Coastguard Agency". This is incorrect and should read "Maritime and Coastguard Agency". In response to your questions:

*DCO 2.28 Schedule 9 - Condition 3(3)*

*The MCA has not made any submissions for Deadline 3. The Statement of Common Ground between the Applicant and the MCA [REP1-082] shows an agreement that Condition 3 will retain both 3(1) {ExA's Note: Condition 3 in REP3-044} and 3(3) {ExA's Note: Condition 3(2) in REP3-044} in the draft DML.*

*Comment on the MMO's stated concerns related to this Condition.*

Response: MCA is content with Conditions 3(1), 3(2) and 3(2) as they are written in the DCO and we do not believe they are duplicating any requirements. This has been articulated to the MMO and Applicant.

*DCO 2.29 Schedule 9 - Condition 5(13)*

*The Applicant has added "Trinity House, MCA and UKHO" to the bodies to which reports must be made under this Condition.*

*Indicate your acceptance, or otherwise, of this proposed amendment.*

Response: Schedule 9 - Condition 5(13) does not exist in the DCO. Please confirm.
