There have previously been, and continue to have concerns with regard to the construction traffic. It is imperative that the routing of all the traffic regarding any construction must be restricted to these new roads. The Parish Council and residents have concerns of the policing of the use of these roads. There are concerns that traffic will have no idea of the new road and as before construction traffic will as previously travel via local roads. The residents believe that again no restrictions can be made on these construction drivers.
