Subject: RE: ExA third written questions - AH 3.1 directed to HE

Historic England response as follows to ExA Question AH 3.1

Dear Mr MacDonald,

The applicant asserts in their response to AH1.10 that there will be no risk of damage to the listed structure from the temporary compound (TCC21) because of the physical separation afforded by the intervening private dwelling (Deangate House). This assertion appears reasonably demonstrated in respect of physical risks on the basis of the compound location indicated on <http://infrastructure.planninginspectorate.gov.uk/wp-content/ipc/uploads/projects/EN020019/2.%20Post-Submission/Application%20Documents/Environmental%20Statement/6.2.5.8.1%20Historical%20Environment%20Baseline.pdf> Figure 1.1 Map 10.

As to visual / noise and other setting impacts upon the significance of the listed structure these are not considered by the applicant in Para 8.103 of the Heritage Section of the Environmental Assessment, an approach justified by them on the following basis; *'Given the temporary nature of construction activities, indirect effects on the settings of above ground designated heritage assets are not considered to be significant; as such assessment of indirect effects on above ground designated heritage assets during the construction phase is not considered in the EIA.'*

Whilst this is a general position set out by the applicant, in this specific instance the presence of an intervening private dwelling and specific compound location might reasonably be considered to limit the likely temporary impacts upon the experience of the listed structure in its setting such that they were not significant, provided the compound site is promptly restored to its pre-existing condition following dismantling as per the assurances in the applicant's *Appendix 1: Written Summary of The Applicant's Oral Case put at Local Impacts Issue Specific Hearing on 19 January 2016*:- paragraph 7.5 <http://infrastructure.planninginspectorate.gov.uk/wp-content/ipc/uploads/projects/EN020019/Events/Deadline%205%20-%2001-02-2016/Appendix%201%20-Written%20Summary%20of%20The%20Applicant's%20Oral%20Case%20put%20at%20Local%20Impacts%20Issues%20Specific%20Hearing%20on%2019%20January%202016.pdf>

Yours sincerely

Tim Allen (for Historic England)
