## APPENDIX 8.4:

### HISTORIC ENVIRONMENT VIEWPOINTS

#### 1.1 INTRODUCTION

- 1.1.1 This appendix presents the heritage assets viewpoints. The table is ordered by the viewpoint reference number (1-24, from west to east) and provides the name of the heritage asset(s) to which the viewpoint relates, the location of the viewpoint in relation to the asset(s), the NGR and direction of view. The location of the viewpoints is shown on Figure 8.1 'Heritage Assets, Historic Environment Study Area and Viewpoints' (**DCO Document 6.14**).
- 1.1.2 The viewpoints assist in the understanding of effects on important heritage assets and their settings. It is important to understand that historic environment viewpoints cannot capture the totality of potential impacts on setting and therefore they are not assessed for impacts in and of themselves.
- 1.1.3 An initial schedule of 26 viewpoints was agreed with Shropshire Council prior to the Scoping Opinion, this has now been reduced to 24 as the route of the Proposed Development has changed and some of the original viewpoints were no longer relevant.
