Dear Sirs,

North Shropshire Electricity Supply DCO – Deadline No 8: Comment on Final draft DCO

Thank you for the opportunity to review and comment on the Applicant's final draft DCO document.

Highways England at Deadline No 6 indicated that we were satisfied with the position reached with the Applicant on the content of the draft DCO in the following terms;

“On the proviso that the agreed wording is subsequently translated into the final DCO issued for the Secretary of State’s consideration we are pleased to record that all our concerns raised in earlier correspondence have been fully dealt with by the applicant.”

This was on the basis the correspondence supplied by the Applicant to the Examining Authority (ExA) on 5 July 2019.

We have now reviewed the final draft DCO wording (REP8-002) and are able confirm that the agreed text of the Protective Provisions for Highways England is now incorporated. We are also able to confirm that all other matters we raised during the course of the examination are now concluded to our satisfaction.

Please do not hesitate to contact me if you require any more information or clarification.

Yours sincerely,

Priya Sansoy
