Subject: AW: Proposed Application under the Planning Act 2008 for AQUIND Interconnector

Dear Ms Shoesmith,

Thank you for your letter of 3 April 2019. I would like to acknowledge receipt of the notification letter concerning the planned AQIND Interconnector. At the same time I indicate that Germany does not intend to participate in the EIA procedure.

Kind Regards

Alice Kinne

Betreff: Proposed Application under the Planning Act 2008 for AQUIND Interconnector

Dear Ms Kinne,

Please find attached a letter relating to a the proposed AQUIND Interconnector which would be determined under the Planning Act 2008, the UK's planning regime for Nationally Significant Infrastructure Projects (NSIPs). The proposal is for the AQUIND Interconnector subsea cable between France and the UK.

The developer is AQUIND Limited and the Planning Inspectorate are the UK government agency responsible for examining applications for NSIPs.

We are writing to you with respect to Regulation 32 of the UK's Infrastructure Planning (EIA) Regulations 2017, which address the potential for transboundary effects.

Within the attached letter is a hyperlink containing information about the proposal, and a link to the Inspectorate's Regulation 32 Screening Document which reports our findings at this stage with respect to transboundary environmental effects. A notice regarding this project will be published in the London Gazette and subsequently published on the National Infrastructure Planning Website.

If you have any queries about the attached or about the process, please do not hesitate to contact me using the details below or respond to environmentalservices@planninginspectorate.gov.uk.

Kind regards,

Emily Park
