Dear Mrs. Shoemsmith,

The Spanish Ministry for the Ecological Transition acknowledge receipt of the notification for a subsea interconnector between Great Britain and France: AQUIND.

We intend to participate as an 'interested party' in the Environmental Impact Assessment (EIA)-procedure for the development of a subsea interconnector with a nominal net capacity of 2000MW between Great Britain and France. Therefore, we would like to be registered as an 'interested party' in accordance with the EIA Regulations and the Espoo Convention. We would also like to kindly request you that future notifications will be made through the Spanish Ministry of Foreign Affairs and Cooperation, whose postal address is the following;
