10 June 2019

### **AQUIND Interconnector**

Dear Councillor Thompson,

As you will be aware, AQUIND Limited ("AQUIND") is developing proposals to build and operate AQUIND Interconnector – a new marine and underground electricity transmission link between the south coast of England and Normandy in France.

Further to my previous correspondence regarding the statutory consultation which AQUIND recently undertook on its proposals with the local community, and given your role on Winchester City Council, I wanted to get in touch to offer you a meeting to discuss the proposals and answer any questions you may have regarding the project. If we may, we'll be in touch in the coming days to discuss this opportunity with you further and hopefully find a mutually convenient time to meet.

In the meantime, if you would like to get in touch with the project team, please contact us via our freephone information line on **01962 893869**, or via email at **[aquindconsultation@becg.com](mailto:aquindconsultation@becg.com)** and we will be happy to discuss further.

You can also discover more on the project's dedicated consultation website at:  
**[www.aquindconsultation.co.uk](http://www.aquindconsultation.co.uk)**.

Yours sincerely,

A handwritten signature in black ink, appearing to read "James Wood". The signature is fluid and cursive, with a long horizontal stroke at the end.

**James Wood**
