Document	5.1.4P Consultation Report - Appendix 1.4P
Revision	002
Document Owner	WSP UK Limited
Date	25 November 2019

Commitment	Paragraph in SoCC	How met
<p>The formal consultation will run for an eight-week period starting on Wednesday 27 February 2019 and ending at midnight on Monday 29 April 2019.</p> <p>Responses to the consultation must be received no later than midnight on Monday 29 April 2019 (postal responses will be accepted up to three working days after this deadline) and responses received after this date may not be taken into consideration.</p>	7.1.1	<p>All consultation documents were available online and at the 10 deposit locations for the duration of the February – April 2019 consultation.</p> <p>All responses from members of the local community received by the deadline were accepted and reviewed.</p>
<p>To publicise the formal consultation, direct communications will be sent to households and businesses in the Primary Consultation Zone ('PCZ').</p> <p>The PCZ is a minimum of 100 metres around the Proposed Development's indicative cable corridor; 500 metres around the landing point location; and covers the area in the vicinity of the proposed converter station. Maps of the PCZ are available in Appendix 2.</p>	7.2.2	<p>The Applicant issued a mailing to all households and businesses within the PCZ, which was posted on 25 February 2019. Further details of the mailing can be found in Chapter 14.3.2 of the Consultation Report.</p>
<p>In addition, a wide range of measures will be employed to ensure that the local community outside of the PCZ are also made aware of the formal consultation – including via the consultation website, local newspaper advertisements and social media advertising.</p>	7.2.3	<p>The Applicant placed details of the consultation and the consultation documents on the project website.</p> <p>In addition, adverts were placed in local and national newspapers, on Facebook, and press releases were issued to relevant local media outlets.</p> <p>Further details of these publicity measures can be</p>

		found in Chapter 14.3.2 of the Consultation Report.
<p>As part of its formal consultation, AQUIND will look to engage with a wide range of stakeholders – including parish councils, community and interest groups, political representatives, organisations representing the local business communities and marine users. AQUIND hopes that this will enable the consultation to reach a wider range of people who may have an interest in the Proposed Development.</p>	7.2.4	<p>The Applicant issued direct invitations to the range of stakeholders outlined in paragraph 7.2.4 of the SoCC to inform them of the February – April 2019 consultation and invite them to partake in the consultation.</p> <p>An indicative database of the stakeholders consulted is available in Appendices 5.1.4B, 5.1.4C, 5.1.4F and 5.1.4X.</p>
<p>AQUIND will look to engage the support of local authorities as it seeks to engage with a number of groups and organisations that represent ‘hard-to-reach’ or ‘seldom heard’ groups in the local community.</p> <p>These represent demographic groups that do not usually engage in consultation activity, as well as people with disabilities who may have problems accessing the consultation information.</p>	7.2.5	<p>Prior to the February – April 2019 consultation, The Applicantsought the views of both officers and elected members at the four directly affected LPAs, and the three directly affected Parish Councils.</p> <p>All suggestions provided by both officers and elected members were directly invited to partake in the February – April 2019 consultation, where contact details were provided or were publicly available through other means (e.g. online)</p> <p>Further details are available in Chapter 14.5 of the Consultation Report.</p>
<p>Throughout the formal consultation, AQUIND will be offering presentations and providing</p>	7.2.5	<p>The Applicant offered briefings to all groups who requested one during</p>

<p>information directly to such groups in order to facilitate their participation in the consultation process.</p>		<p>the February – April 2019 consultation period.</p> <p>Further details of the briefings offered and held are available in Chapter 14.3.6 of the Consultation Report.</p>
<p>If, during the consultation, it becomes apparent that there is a need to engage directly with communities and interested parties outside the PCZ and in addition to those stakeholders referred to above, AQUIND will endeavour to do so, and take into account those responses gained as part of the consultation process.</p>	<p>7.2.6</p>	<p>In March 2019, The Applicant identified a number of properties whose access might be potentially affected by the Proposed Development which were located outside of the PCZ.</p> <p>Accordingly, the Applicant issued direct invitations to these properties during March 2019, providing them with over 28 days to respond to the consultation.</p> <p>Further details of this can be found in Chapter 14.3.2 of the Consultation Report.</p>
<p>In addition to the consultation with the local community AQUIND will at the same time undertake consultation with a wide range of statutory consultees in accordance with Section 42 of the 2008 Act, including the host and neighbouring local authorities, statutory bodies, persons with an interest in the land that might be affected by the Proposed Development and marine users.</p>	<p>7.2.7</p>	<p>Letters were sent to statutory bodies covered by Section 42 of the 2008 Act on 25 February 2019 advising them of the consultation.</p> <p>Those that had not responded by May 2019 were contacted again to invite them to respond to the consultation on that date.</p> <p>Further details of this can be found in Chapter 11.6.7 of the Consultation Report.</p>
<p>AQUIND will formally consult via the following methods:</p>	<p>7.3.1</p>	<p>The Applicant complied with all commitments</p>

- Statutory notices – Statutory notices will be published in local and national newspapers giving details about the consultation in accordance with Section 48 of the 2008 Act. Site notices will also be placed at key locations in the area affected by the Proposed Development, including in the vicinity of the converter station and landing point locations and at intervals along the indicative underground cable route;
- Public exhibitions – Public exhibitions will be held at local venues in areas affected by the proposals, as detailed below. The public will be informed of the exhibitions through a number of methods, including: direct communications to households and businesses in the PCZ, notices in the local press as well as relevant port and harbour locations and social media (Facebook) advertising. Details of the public exhibitions will also be listed on the consultation website. At the public exhibitions, copies of the SoCC, PEIR and NTS will be available to view in hard copy, together with other information and project documents. Members of the project team will be on hand to answer questions and feedback forms will be available for attendees to complete;
- Fisheries consultations – Local fishermen were invited to attend dedicated consultation events held in October 2017 and again, in September 2018. Fisheries liaison is facilitated by Brown and May Marine Ltd and will be ongoing. Notices publicising the

outlined in paragraph 7.3.1 of the SoCC.
