Subject: Proposed Interconnector Cable on the eastern side of PORTSMOUTH
Date: 06 October 2020 15:53:45

As houseowner and resident of [REDACTED] which will be directly affected by the above I strongly object to the proposal as it will cause huge disruption to the area and the wider city with no benefit to ourselves. Furthermore full scrutiny of the planning application should be delayed until the Covid 19 crisis has passed so that proper public meetings can be held.
