Dear Sir

**EN020022 AQUIND Interconnector - submission for Deadline 1 (Reference: 20025080) Compulsory Acquisition objection on behalf of Hampshire County Council**

Hampshire County Council objects to the compulsory acquisition of land in its ownership where that ownership extends beyond the adopted highway.

The Book of Reference identifies a number of subsoil interests of the County Council beyond its interested in the adopted highway. The County Council understands that the Applicant proposes to acquire land or rights in the subsoil and to date there has been no agreement with the County Council in respect of that acquisition or those rights.

In those circumstances, the County Council objects to the compulsory acquisition of its land and reserves its position to make further representations in due course.

Yours faithfully

Nick Bishop MRICS  
Senior Estates Surveyor  
Estates Management – Operations
