# 1. ENVIRONMENTAL STATEMENT DOCUMENTATION

---

## 1.1. INTRODUCTION

- 1.1.1.1. An Environmental Statement (APP-116 – APP-487) was submitted to the Planning Inspectorate ('PINS') on 14 November 2019 as part of the application for Development Consent Order ('DCO') for the UK Onshore and Marine Components of the AQUIND Interconnector ('the Proposed Development') (the 'Application').
- 1.1.1.2. Since the submission of the Environmental Statement in November 2019, a number of additional submissions, referred to in this document as Representations, have been submitted, which provide both updated and supplementary information.
- 1.1.1.3. Together the Environmental Statement submitted in November 2019 and all Representations submitted to date comprise the Environmental Statement for the Proposed Development.
- 1.1.1.4. This document provides a list of all documentation associated with the ES and other associated documentation, and the appropriate document references as per the Planning Inspectorate's Examination Library (Updated – 22 October 2020).
- 1.1.1.5. Links to each document can be found within the [Examination Library](#) on the AQUIND Interconnector Project page of the PINS website.
