**Subject:** The Planning Act 2008 Application by AQUIND Limited for an Order granting Development Consent for the AQUIND Interconnector Project

Dear Sir/ Madam

Thank you for your submission regarding the AQUIND interconnector Development Consent Order (DCO) application.

Whilst it does not appear that you previously registered as an Interested Party, and the deadline for which has passed, the Examining Authority has agreed, on this occasion, to exercise its discretion to accept your correspondence into the Examination as a Deadline 1 submission, considering it to be information that may be relevant to its recommendation to the Secretary of State. All such submissions received by 12 October 2020 have been accepted. The Examining Authority is unlikely to accept submissions from people who have not registered as Interested Persons after this date.

A copy of your submission will be published on the project page of the Planning Inspectorate's National Infrastructure website:

<https://infrastructure.planninginspectorate.gov.uk/projects/south-east/aquindinterconnector/>

The Examining Authority will also request the Applicant, in due course, to respond to the main issues raised by the submissions that have been accepted. This response will also be published on the project page of the Planning Inspectorate's National Infrastructure website.

While the period for registering to become an Interested Party has closed, you can follow the progress of the Examination on the project website, where you will also find links to recordings of the Preliminary Meeting and links to any livestreams of future Hearings.

Local authorities whose area may be affected by the Proposed Development will be represented throughout the Examination, and each recently submitted a Local Impact Report to the Examining Authority. A Local Impact Report details the likely effects of the proposed development on the authority's area and residents. The Reports can be accessed through the Examination Library, which can be found in the 'documents' tab on the project page of the Planning Inspectorate's National Infrastructure website.

If you would like to know more about the process for examining applications for Development Consent such as this and the terms that are used, further information is available through the same website. You may find the Advice Note series 8 particularly useful:

<https://infrastructure.planninginspectorate.gov.uk/legislation-and-advice/advice-notes/>

You will most likely find the answers to any questions that you may have about the project in the application documents. These may also be helpful to anybody who wishes to ensure that they have a full and proper understanding of the Proposed Development. All documentation can be accessed through the Examination Library on the project page of the Planning Inspectorate's National Infrastructure website, as linked above. This is updated regularly.

For example: Chapter 3 of the Environmental Statement [APP-118] includes a detailed description of the proposals; individual chapters and appendices to the Environmental Statement set out details of impacts and any mitigation proposed by the Applicant, for example traffic and roads are covered in Chapter 22 [APP-137] and Appendices 22.1 to 22.5 ([APP-448] to [APP-453]); the draft Development Consent Order [APP-019] and the associated Explanatory Memorandum [APP-020] set out the powers sought by the Applicant; and, the Statement of Reasons [APP-022] and Book of Reference [APP-024] deal with any Compulsory Acquisition or interference with rights that the Applicant has identified – these documents and the Land Plans [APP-008] are particularly relevant to anybody who believes that their property or rights over land are affected and that they may therefore be an Affected Person.

If the application documents do not provide an answer to your specific questions, or if you think you may be an Affected Person, please visit the Applicant's website (<http://aquind.co.uk/>) which provides the relevant contact details.

I hope this information is of assistance.

Yours faithfully,

Hefin Jones

Mr Hefin Jones
