Dear Hefin,

Thank you very much for the confirmation. I just wanted to let you know that I am happy to have both slots still (one for myself and the 2nd one on behalf of Keep Milton Green).

I also spoken with Viola (I know you have spoken with her several times) and she has said that it would be possible to send in the topics I will be covering if my deputations are not ready.

I am still working on the transcript for both of the deputations/slots so at the moment, what I can send to you is some bullet points of the subjects that each deputation will have. I am more than happy to send you the full manuscript's as soon as I have completed them before the open floorings or the day of the open floor hearings if that is helpful.

Kimberly Barrett - I will be covering the following topics in my slot:

- Air Pollution
- Environmental concerns
- Wildlife & Vegetation
- Loss of green spaces

Keep Milton Green - the following points will be expanded and covered during this slot:

- Quotes & Queries from local residents about the whole process
- Evidence to back up quotes from said residents
- The general feeling this has created
- The consultation process

If there are any problems with this then please do email me back. I am home from work tomorrow so please feel free to email me or to give me a call. If I do not pick up then please leave a voicemail and I will call you back ASAP. I hope that the bullet points will satisfy deadline 5 but please do contact me if needs be. My mobile number is [REDACTED].

All the best

Kimberly
