Dear Mr Jones,

I note that the Examination Authority has advised that today's Issue Specific Hearing is likely to continue past 17:00.

I appreciate that the participation of Historic England was specifically requested in reference to Agenda item 18.1. I can therefore confirm that we have provided written confirmation to the Applicant (our letter dated 16th February as attached) that we are satisfied by the information provided to us regarding the detail of Environmental Statement Addendum 2 and there are no specific matters that require the attention of Historic England or that need us to offer oral evidence at today's Issue Specific Hearing.

Please therefore accept our apology for departure at 17:00.

Yours sincerely,

Dr Christopher Pater

16th February 2021

Dear Ms Lister,
AQUIND Interconnector Project – Environmental Statement Addendum 2
Planning Inspectorate Ref: EN020022

Thank you for your email of 14th February 2021 and for supplying us with the letter (Ref: ARB/116960/12.02.21) from your consultants, Wessex Archaeology, in response to the advice we provided to you in our letter of 4th February 2021.

We hereby confirm that the matters we raised in our letter, as dated above, have now been addressed and we have no further comment or other advice to offer regarding Environmental Statement *Addendum 2* as produced for this proposed development.

Issue Specific Hearing on 17th February 2021 and draft Statement of Common Ground with Historic Buildings and Monuments Commission for England (Historic England)

We note in your email (as dated above) that you have submitted a draft Statement of Common Ground (SoCG) at Deadline 7C which includes our letter of 4th February (Appendix 7) together with the response letter in Appendix 8. We have therefore accessed this draft SoCG and we note the inclusion of paragraph 4.2.13 (ES *Addendum 2*) and that the 'RAG' column identifies this as an 'On-going' issue. In consideration of the clarifications now provided to us we confirm that this can be amended to 'Agreed'. Please note that the text within Appendix 8 is partially obscured which could make its contents difficult to understand fully by the Examination Authority.

Yours sincerely,

Dr Christopher Pater
Head of Marine Planning
