Dear Mr Jones

I thought you might like to see this video I recorded on Friday.

The wonderful Brent Geese at The Locks and along the shore of Langstone Harbour.

They arrive from Siberia every Autumn and have done for as long as I can remember.

They're gathering in large numbers to prepare for their long journey back in Spring.

A welcomed protected bird of the area.

I hope this footage is suffice.

Yours sincerely

Paula Savage

(Resident of Milton

Portsmouth).
