

Notes:  
 1. Lower planting heights may be required beneath overhead power lines. No new tree planting should take place within 30m of such locations.  
 2. Existing landform contours presented on the plan are derived from two sources of information; a detailed topographic survey (which shows contours at .25m intervals) and a Lidar survey which shows contours at 1m intervals.

- Legend**
- Order Limits**
- Existing**
- Access point
  - Existing ground level contour
  - Existing non-residential development
  - Existing residential development
  - Existing underground cable route
  - Monarch's Way (PRoW)
  - Existing pylon
  - Indicative existing overhead power lines
  - Existing fencing
  - Existing woodland
  - Existing ancient woodland
  - Existing native hedgerows
  - Existing native hedgerows with hedgerow trees
  - Existing grassland / scrub
  - Existing scrub
  - Existing National Grid mitigation planting
  - Existing mature trees
  - Existing arable farmland
  - Existing pasture
  - Existing recreation area
  - Existing semi-improved grassland
  - Bare ground
- Proposed**
- Proposed contours
  - Proposed native hedgerow
  - Proposed native hedgerow with hedgerow trees
  - Proposed native mixed woodland (up to 15m)
  - Proposed native mixed woodland (up to 25m)
  - Proposed coniferous woodland
  - Proposed scrub
  - Proposed scrub with scattered trees
  - Proposed calcareous grassland
  - Proposed marshy grassland
  - Proposed attenuation pond
  - Vegetated conveyance and infiltration swale (marginal planting)
  - Proposed access road
  - Proposed additional access road
  - Proposed gate
  - Proposed access point
  - Proposed fence
- Management of existing hedgerows**
- Gap up through new hedgerow planting
  - New hedgerow planting (to replace hedgerows grubbed out) with hedgerow trees
  - Restrict removal of hedgerows and maintain at existing height
  - Gap up with new hedgerow planting where necessary
  - Restrict removal of hedgerows and maintain at existing height. Introduce new hedgerow trees where possible and gap up with new hedgerow planting where necessary
- Note:  
 Replacement planting will take place within existing woodland, hedgerows and in relation to individual mature trees.
