EXECUTIVE SUMMARY

This Updated Application Guide is submitted on behalf of AQUIND Limited (the 'Applicant') to accompany an application (the 'Application') for a Development Consent Order ('DCO') submitted to the Secretary of State ('SoS') for Business, Energy and Industrial Strategy ('BEIS') pursuant to Section 37 of The Planning Act 2008 (as amended) (the 'PA 2008'). The Application relates to the UK elements of AQUIND Interconnector (the 'Project'), which constitute the Proposed Development.

It provides a brief overview of the Application for the Proposed Development and signposts to the documents that make up the Application, so that readers of the Application can easily find any documents or information that they are looking for. This guide should be read in conjunction with the Electronic Application Index (document reference 1.6), which contains a complete list of all documents submitted with the Application, and the Application Document Tracker (document reference 1.3) which will show any revisions that may be made upon acceptance or during the examination.

The Application submission is divided into six categories:

- Category 1 Application Form – Provides the 'front' documents of the Application, including the Application Guide (this document), the Cover Letter, Glossary, Section 55 checklist, Application Document Tracker, Electronic Application Index and the Application Form.
- Category 2 Plans – Contains the relevant plans required by regulation 5(2) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the 'APFP Regulations') (except where they are provided within Category 6).
- Category 3 Draft Development Consent Orders – Contains the draft DCO ('dDCO') and Explanatory Memorandum.
- Category 4 Compulsory Acquisition Information – Provides evidence of why and where legal powers of compulsory acquisition being sought, as well as information on how the Proposed Development is to be funded.
- Category 5 Reports – Provides the reports containing details of the pre-application consultation (Consultation Report), the Planning Statement, Design and Access Statement, Statutory Nuisance Statement, the Needs Case and any other technical reports (excluding environmental reports – see below).
- Category 6 Environmental Statement ('ES') (and associated documents) – Provides the environmental information from the assessment of potentially significant effects on the environment.

Following submission, a further Category 7 (Examination) will be added which will contain any new documents submitted upon acceptance of the Application, or during the Examination.

0. INTRODUCTION

0.1. OVERVIEW

- 0.1.1.1. This **Updated Application Guide** has been prepared on behalf of AQUIND Limited (the 'Applicant') to support an application (the 'Application') for a Development Consent Order ('DCO') that has been submitted to the Secretary of State ('SoS') for Business, Energy and Industrial Strategy ('BEIS') under Section 37 of The Planning Act 2008 (as amended) (the 'PA 2008'). The Application relates to the UK elements of AQUIND Interconnector (the 'Project'), which constitute the Proposed Development.
- 0.1.1.2. The SoS has directed pursuant to a direction issued under section 35 of the PA 2008 that the Proposed Development is to be treated as a project of national significance requiring development consent (see Appendix 3 of the **Planning Statement** (APP-108) for a copy of the Section 35 direction).
- 0.1.1.3. The Applicant submitted the Application to the SoS on 14 November 2019 and it was accepted for Examination on 12 December 2019.
- 0.1.1.4. In light of Government advice relating to Coronavirus (COVID-19), the Examining Authority (ExA) issued a Procedural Decision on 26 March 2020 to postpone the Preliminary Meeting and the start of the Examination. The ExA subsequently made the Procedural Decision that the rescheduled Preliminary Meeting will take place virtually over two days - 18 August 2020 and 8 September 2020 – thereby formally commencing the Examination.
- 0.1.1.5. Throughout the course of the Examination, amendments have been made to the Application and accepted at the discretion of the ExA. As set out below, the purpose of this document is to provide an accessible guide to the Proposed Development, Applicant and submitted documents and drawings. This updated version (submitted at Deadline 8) is intended assist those reviewing the final application documents and explains the structure of the Application and the contents of each of the application documents at the close of the Examination (8 March 2021).

0.2. PURPOSE OF THIS DOCUMENT

- 0.2.1.1. This **Updated Application Guide** provides a brief overview of the Application for the Proposed Development and signposts to the documents that make up the Application submitted to the SoS, so that readers of the Application can easily find any documents or information that they are looking for. This guide should be read in conjunction with the **Electronic Application Index** (APP-005B), which contains a complete list of all documents submitted with the Application, and the **Application Document Tracker** (document reference 1.3) which will show any revisions that may be made upon acceptance or during the examination.

- 0.2.1.2. Regulation 5 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (the ‘APFP Regulations’) sets out the documents that all DCO applications must include. It also provides at Regulation 5(2)(o) and (q) for the submission of “any other documents considered necessary to support the application” as well as “any other plans, drawings and sections necessary to describe the proposals”.
- 0.2.1.3. Regulation 6 of the APFP Regulations sets out specific documentation required in support of DCO applications for particular types of development, however, none of the requirements under Regulation 6 are considered to apply to the Proposed Development.
- 0.2.1.4. Whilst the Proposed Development is not development of a type requiring an Environmental Impact Assessment (‘EIA’) to be carried out in relation to it, the Applicant has voluntarily decided to undertake an EIA and, therefore, the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the ‘EIA Regulations’) and requirements contained therein apply to the Proposed Development.
- 0.2.1.5. This document provides a brief overview of the documents that have been submitted to satisfy the APFP Regulations and EIA Regulations to the extent that it lists the documents submitted under those Regulations. Full details on compliance with the EIA Regulations are contained within the Environmental Statement (‘ES’) Appendix 1.1 (Requirements of the EIA Regulations and their Location within the ES) (APP-348).
- 0.2.1.6. This **Updated Guide to the Application** (submitted at Deadline 8) also summarises the final structure and organisation of the Application and the contents of each of the application documents at the close of the Examination (8 March 2021).

0.3. DESCRIPTION OF THE PROPOSED DEVELOPMENT

- 0.3.1.1. The Application seeks development consent for those elements of the AQUIND Interconnector (the ‘Project’) located in the UK and the UK Marine Area (the ‘Proposed Development’).
- 0.3.1.2. The Project is a new 2,000 MW subsea and underground High Voltage Direct Current (‘HVDC’) bi-directional electric power transmission link between the South Coast of England and Normandy in France. By linking the British and French electric power grids it will make energy markets more efficient, improve security of supply and enable greater flexibility as power grids evolve to adapt to different sources of renewable energy and changes in demand trends such as the development of electric vehicles. The Project will have the capacity to transmit up to 16,000,000 MWh of electricity per annum, which equates to approximately 5% and 3% of the total consumption of the UK and France respectively.
- 0.3.1.3. The Proposed Development includes:

- HVDC Marine Cables from the boundary of the UK Exclusive Economic Zone to the UK at Eastney in Portsmouth;
- Jointing of the HVDC Marine Cables and HVDC Onshore Cables;
- HVDC Onshore Cables;
- A Converter Station and associated electrical and telecommunications infrastructure;
- High Voltage Alternating Current ('HVAC') Onshore Cables and associated infrastructure connecting the Converter Station to the Great Britain electrical transmission network, the National Grid, at Lovedean Substation; and
- Smaller diameter Fibre Optic Cables ('FOC') to be installed together with the HVDC and HVAC Cables and associated infrastructure.

0.3.1.4. The Proposed Development is described in more detail in Schedule 1 of the **Draft Development Consent Order (dDCO)** and referred to in Section 1.3 of the **Planning Statement** (APP-108) and Chapter 3 of the **Environmental Statement** (APP-108).

0.4. APPLICATION DOCUMENTS

0.4.1.1. The documents submitted in support of the Application have been grouped together as per the following folder categories on the Planning Inspectorate's ('PINS') website:

Table 0-1 - Application Document Categories

Category	Description
1. Application Form	<p>Provides the 'front' documents of the Application, including the:</p> <ul style="list-style-type: none"> • Cover Letter (APP-001); • Application Guide (APP-002) and Updated Guide to the Application (this document); • Application Document Tracker (updated and submitted at each Examination Deadline); • Application Form (APP-004); • Section 55 Checklist (produced by the Applicant) (APP-005); • Electronic Application Index (APP-005B); and • Glossary (APP-006) and updated Glossary (submitted at Deadline 1) (REP1-005).
2. Plans	<p>Contains the relevant plans and drawings required by the APFP Regulations (except where they are provided within Category 6).</p> <p>Further details provided in section 2 below.</p>

3. Draft Development Consent Orders	Contains the dDCO (final draft submitted at Deadline 9), Explanatory Memorandum (final draft submitted at Deadline 9) and Draft Development Consent Order Validation Report (APP-021).
4. Compulsory Acquisition Information	Provides evidence of why and where legal powers of compulsory acquisition are being sought, as well as information on how the Proposed Development is to be funded. Further details provided in section 4 below.
5. Reports	Provides the reports containing details of the pre-application consultation (Consultation Report (AS-006), the Planning Statement (APP-108), Design and Access Statement (REP7-021), Statutory Nuisance Statement (APP-107), the Needs and Benefits Report and any other technical reports (excluding environmental reports – see below).
6. Environmental Statement ('ES') (and associated documents)	Provides the environmental information from the assessment of potentially significant effects on the environment.
7. Examination Documentation	This will include any new documents submitted upon acceptance or during the examination.

0.4.1.2. To access the Application documents, visit the PINS website: <https://infrastructure.planninginspectorate.gov.uk/projects/south-east/aquind-interconnector/>

0.4.1.3. In accordance with PINS Advice note six: Preparation and submission of application documents (The Planning Inspectorate, 2019), each document was given a unique document reference number, as described in the following sections.

0.5. DOCUMENT NUMBERING

0.5.1.1. The documents submitted as part of the Application follow a consistent numbering format, with the category number (1 to 7) being the first digit of a document number. This is followed by the document number, and, where relevant, the chapter and / or appendix number if these are submitted as standalone documents. This is the case where documents have large numbers of appendices, to assist with the readability and navigation of these documents, and to reduce the electronic file size of individual documents.

1. APPLICATION FORM

1.0. OVERVIEW

1.0.1.1. The documents in the Application Form folder on the PINS website form the first set of documents of the Application:

1.1. DOCUMENT REFERENCE 1.1 - APPLICATION COVER LETTER

1.1.1.1. The **Cover Letter** provides a brief overview of the Proposed Development and an introduction to the Application.

1.2. DOCUMENT REFERENCE 1.2 - APPLICATION GUIDE

1.2.1.1. The purpose of the **Application Guide** is set out in section 0.2 above. It is to provide an overview of the documents and drawings which formed the original Application.

1.2.1.2. This **Updated Application Guide** (submitted at Deadline 8) summarises the final structure and organisation of the Application and the contents of each of the application documents at the close of the Examination.

1.3. DOCUMENT REFERENCE 1.3 - APPLICATION DOCUMENT TRACKER

1.3.1.1. The **Application Document Tracker** sets out the status and revision number of the documents submitted by the Applicant and has been updated throughout the examination where documents have been updated or new documents are submitted. The **Tracker** also contain the Examination Library reference numbers that have been assigned to each document by PINS.

1.3.1.2. It is noted that due to their volume, the **Tracker** does not list all individual figures and appendices of the **ES**, nor the appendices of the **Consultation Report**. Should any of the figures or appendices be updated and resubmitted during the examination, those individual figures and appendices and their revision numbers will be listed in an updated version of the **Tracker**. For a complete list of all documents including standalone figures and appendices please see the **Electronic Application Index** (APP-005B).

1.4. DOCUMENT REFERENCE 1.4 - APPLICATION FORM

1.4.1.1. The **Application Form** is the standard form required as part of any DCO application and provides a high-level summary of the Proposed Development and the documents submitted with the Application.

1.4.1.2. This form is required to be submitted under Regulation 5(1) of the APFP Regulations and Section 37(3)(b) of the PA 2008.

1.5. DOCUMENT REFERENCE 1.5 - SECTION 55 CHECKLIST

- 1.5.1.1. The **Section 55 Checklist** is provided as a schedule of compliance to evidence how the Application fulfils the conditions for acceptance required under Section 55 of the PA 2008.
- 1.5.1.2. The **Section 55 Checklist** is a document being prepared PINS on behalf of the SoS upon submission of an application. Completion of the **Checklist** by an applicant is not a regulatory requirement, nor does the submission of the completed **Checklist** by an applicant hold any weight at the acceptance stage.
- 1.5.1.3. However, the Applicant considers that the submission of a 'draft' **Section 55 Checklist** can assist PINS at the acceptance stage by signposting to relevant submission documents or parts within submission documents. Therefore, the Applicant decided to include the **Section 55 Checklist** in the Application.

1.6. DOCUMENT REFERENCE 1.6 - ELECTRONIC APPLICATION INDEX

- 1.6.1.1. The **Electronic Application Index** provides a list of all Application documents, including electronic file names, document reference numbers and document authors for all Application documents.
- 1.6.1.2. PINS request that applicants complete the Index to ensure that large volumes of application information can be easily navigated and retrieved for a quantitative and qualitative check of the submission by PINS Officers. This is set out in PINS Advice note six: Preparation and submission of application documents (The Planning Inspectorate, 2019), to which the template of the Index is attached at Appendix 2.

1.7. DOCUMENT REFERENCE 1.7 - GLOSSARY

- 1.7.1.1. A standalone **Glossary** has been prepared which provides definitions of technical terms and explanations of abbreviations contained within the Application documents. PINS recommend the preparation of a glossary on page 05 of Advice note six (The Planning Inspectorate, 2019).
- 1.7.1.2. In response to the Examining Authority's first written questions, the **Glossary** was updated and resubmitted at Deadline 2 (REP1-005).

2. PLANS

2.0. OVERVIEW

- 2.0.1.1. The documents in the Plans category contain the plans which show where and how the Applicant proposes to undertake the Proposed Development.
- 2.0.1.2. The plans show the location of the Proposed Development and the land required to build it as well as illustrating technical detail.
- 2.0.1.3. In accordance with PINS Advice note six and Regulation 5(4) of the APFP Regulations, where there is a plan comprises three or more separate sheets, a key plan is provided to enable the viewer to understand the relationship between the different sheets.

2.1. DOCUMENT REFERENCE 2.1 - SITE LOCATION PLAN

- 2.1.1.1. The **Site Location Plan** identifies the location of the Proposed Development in its wider context.
- 2.1.1.2. The preparation of a **Site Location Plan** is not a requirement under the APFP Regulations, as the Order Limits (which constitute the “red line boundary”) are required to be identified on the **Works Plans** (document reference 2.4, see below). However, a **Site Location Plan** over two sheets has been prepared (for information only), as it is considered helpful for stakeholders to be able to see the Site at a scale that fits on fewer sheets.
- 2.1.1.3. Amendments were made to the **Site Location Plan** at Deadlines 1, 6 and 7 to reflect changes to the **Order Limits** following the acceptance by the ExA of Change Requests for examination.

2.2. DOCUMENT REFERENCE 2.2 - LAND PLANS

- 2.2.1.1. The **Land Plans** are required to be submitted under Regulation 5(2)(i) of the APFP Regulations. They correspond to and should be read in conjunction with the **Book of Reference** (document reference 4.3). They set out:
- the land required for, or affected by, the Proposed Development;
 - land over which it is proposed to exercise powers of compulsory acquisition or any right to use land or impose restrictions;
 - any land in relation to which it is proposed to extinguish easements, servitudes and other private rights.
- 2.2.1.2. The **Land Plans** also show where the land within the **Order Limits** includes special category land, as required under the APFP Regulations.

2.2.1.3. Amendments were also made to the **Land Plans** during the Examination to reflect changes to the **Order Limits** and the final version was submitted at Deadline 7 (REP7-003).

2.3. DOCUMENT REFERENCE 2.3 - CROWN LAND PLANS

2.3.1.1. Where applicable, **Crown Land Plans** are required to be submitted under Regulation 5(2)(n) of the APFP Regulations. As the **Order Limits** for the Proposed Development includes Crown land, **Crown Land Plans** have been prepared which correspond to and should be read in conjunction with the **Book of Reference** (document reference 4.3).

2.3.1.2. Amendments were also made to the **Crown Land Plans** during the Examination to reflect changes to the **Order Limits** and the final version was submitted at Deadline 7 (REP7-004).

2.4. DOCUMENT REFERENCE 2.4 - WORKS PLANS

2.4.1.1. **Works Plans** are required to be prepared under Regulation 5(2)(j) and need to show the proposed location or (for a linear scheme) the proposed route and alignment of the development and works, and the limits within which the development and works carried out. These limits are referred to as the 'Order Limits'. The **Works Plans** also need to show any Limits of Deviation ('LoD') provided for in the **draft DCO** ('dDCO') submitted with an application.

2.4.1.2. The **Works Plans** submitted show the proposed works including the alignments of the Onshore and Marine Cable Corridors and, where applicable, the LoD within which the Proposed Development and works may be carried out.

2.4.1.3. The works packages are numbered and correspond to the works defined in Schedule 1 of the **dDCO** (document reference 3.1) which are sought to be authorised by the DCO.

2.4.1.4. Amendments were made to the **Works Plans** throughout the Examination and updated versions were submitted at Deadlines 1, 2, 5, 6 and the final versions were submitted at Deadline 7 (REP7-005).

2.5. DOCUMENT REFERENCE 2.5 - ACCESS AND RIGHTS OF WAY PLANS

2.5.1.1. These plans identify and new or altered means of access, temporary stopping up of streets, roads and Public Rights of Way ('PRoW'), and any diversions.

2.5.1.2. They are required to be submitted under Regulation 5(2)(k) of the APFP Regulations.

2.5.1.3. Amendments were also made to the **Access and Rights of Way Plans** during the Examination to reflect changes to the **Order Limits** and the final version was submitted at Deadline 7 (REP7-008).

2.6. DOCUMENT REFERENCE 2.6 - CONVERTER STATION AND TELECOMMUNICATIONS BUILDINGS PARAMETER PLANS

2.6.1.1. These plans show location options for and the parameters within which the Converter Station will be located, including the maximum height and width of the Converter Station. These plans have been prepared under Regulation 5(2)(o) of the APFP Regulations.

2.6.1.2. The parameters shown correspond to the parameters listed in Requirement 5 of Schedule 2 of the **dDCO** submitted with the Application.

2.6.1.3. An update to the **Converter Station and Telecommunications Buildings Parameter Plans** was submitted at Deadline 1 and the final version of the Parameter Plan was submitted at Deadline 7 (REP7-009) to incorporate changes to the **Order Limits** following the ExA's acceptance of the Request for Changes (PD-026).

2.7. DOCUMENT REFERENCE 2.7 - INDICATIVE CONVERTER STATION AREA LAYOUT PLANS

2.7.1.1. These plans show an indicative layout for the Converter Station and Converter Station Area. These plans have been prepared under Regulation 5(2)(o) of the APFP Regulations and are illustrative only, i.e. are not for approval.

2.7.1.2. An update to the **Indicative Converter Station Area Layout Plans** were also submitted at Deadline 1 and the final version of the indicative plan was submitted at Deadline 7 (REP7-010) to incorporate changes to the **Order Limits** following the ExA's acceptance of the Request for Changes (PD-026).

2.8. DOCUMENT REFERENCE 2.8 - INDICATIVE CONVERTER STATION ELEVATIONS

2.8.1.1. These plans show indicative elevations and sections for the Converter Station. They have been prepared under Regulation 5(2)(o) of the APFP Regulations and are illustrative only, i.e. are not for approval.

2.8.1.2. In response to the Examining Authority's first written questions (ExQ1 LV1.9.4), the **Indicative Converter Station Elevations** were updated at Deadline 1 (REP1-019).

2.9. DOCUMENT REFERENCE 2.9 - INDICATIVE TELECOMMUNICATIONS BUILDINGS ELEVATIONS AND FLOOR PLANS

- 2.9.1.1. These plans, prepared under Regulation 5(2)(o) of the APFP Regulations, show indicative elevations for the Telecommunications Building(s) and associated floor plans. These plans are illustrative only, i.e. are not for approval.
- 2.9.1.2. In response to the Examining Authority's first written questions (ExQ1 MG1.1.25), the **Indicative Telecommunications Buildings Elevations and Floor Plans** were updated at Deadline 1 (REP1-020) to include a scale bar.

2.10. DOCUMENT REFERENCE 2.10 - INDICATIVE OPTICAL REGENERATION STATION(S) ELEVATIONS AND FLOOR PLANS

- 2.10.1.1. These plans, prepared under Regulation 5(2)(o) of the APFP Regulations, show an indicative elevation and floor plans for the Optical Regeneration Station(s) ('ORSs'). These plans are illustrative only, i.e. are not for approval.
- 2.10.1.2. In response to the Examining Authority's first written questions (ExQ1 MG1.1.25), the **Indicative Optical Regeneration Station(s) Elevations and Floor Plans** were updated at Deadline 1 (REP1-008) to include a scale bar.

2.11. DOCUMENT REFERENCE 2.11 - OPTICAL REGENERATION STATION(S) PARAMETER PLAN

- 2.11.1.1. The plan shows the location and parameters for the ORSs as set out in Requirement 5 of Schedule 2 of the **dDCO**. The plan has been prepared under Regulation 5(2)(o) of the APFP Regulations and are submitted for approval.
- 2.11.1.2. In response to the Examining Authority's first written questions (ExQ1 MG1.1.25), the **Optical Regeneration Station(s) Parameter Plan** were updated at Deadline 1 (REP1-009) to include a scale bar.

2.12. DOCUMENT REFERENCE 2.12 - HEDGEROW AND TREE PRESERVATION ORDER PLANS

- 2.12.1.1. These plans show existing important and other hedgerows and Tree Preservation Order trees within the **Order Limits**. Important hedgerows fulfil the criteria for importance set out in the Hedgerow Regulations (1997). Hedgerows shown as 'other hedgerows' have been surveyed as part of a field Phase 1 and / or hedgerow ecological survey and have not been found to be important according to the Hedgerow Regulations (1997).
- 2.12.1.2. The plans have been prepared under Regulation 5(2)(l) of the APFP Regulations and are submitted for approval. They should be read in conjunction with Schedules 11 and 12 of the **dDCO** (see below).

- 2.12.1.3. Updates to the **Hedgerow and Tree Preservation Order Plans** were submitted at Deadline 1, 6 and the final version was submitted at Deadline 7 (REP7-011) to incorporate changes to the **Order Limits**.

3. DRAFT DEVELOPMENT CONSENT ORDER

3.0. OVERVIEW

3.0.1.1. In order to construct and operate the Proposed Development, the Applicant requires development consent from the SoS. The documents within this category contain the **dDCO** setting out the legal powers the Applicant is seeking.

3.1. DOCUMENT REFERENCE 3.1 - DRAFT DEVELOPMENT CONSENT ORDER

3.1.1.1. Under Regulation 5(2)(b), an applicant is required to submit the draft proposed DCO with an application for an order granting development consent.

3.1.1.2. The **dDCO** submitted with the Application, and revised throughout the Examination, is the draft Statutory Instrument ('SI') that the Applicant requests is made, if the SoS is minded to grant development consent for the Proposed Development. The DCO would authorise the construction, operation and maintenance of the Proposed Development and includes various powers that the Applicant is seeking to enable it to construct, operate and maintain the Proposed Development. It comprises seven parts as outlined below:

- Part 1: General provisions
- Part 2: Principal powers
- Part 3: Streets
- Part 4: Supplemental powers
- Part 5: Powers of acquisition
- Part 6: Operations
- Part 7: Miscellaneous and general

3.1.1.3. The **dDCO** also contains the following Schedules:

- Schedule 1 — Authorised development
- Schedule 2 — Requirements
- Schedule 3 — Procedure for approvals, consents and appeals
- Schedule 4 — Land plans
- Schedule 5 — Works plans
- Schedule 6 — Access and rights of way plans
- Schedule 7 — Parameter plans

- Schedule 8 — Streets, public rights of way and permissive paths to be temporarily closed, altered, diverted or restricted
- Schedule 9 — Modification of compensation and compulsory purchase enactments for the creation of new rights and restrictive covenants
- Schedule 10 — Land of which temporary possession may be taken
- Schedule 11 — Trees subject to tree preservation orders
- Schedule 12 — Removal of important of hedgerows
- Schedule 13 — Protective provisions
- Schedule 14 — Certified documents
- Schedule 15 — Deemed marine licence under the 2009 Act
- Schedule 16 — Deemed marine licence procedure for appeals

3.1.1.4. Amendments have been made to the **dDCO** throughout the Examination process to reflect further engagement with the Local Authorities and Consultees and to response to discussions at Hearing and the Examining Authority’s Written Questions. It is expected that the Applicant’s final draft of the DCO will be the version submitted at Deadline 8, unless any further information or changes to the **dDCO** are requested by the Examining Authority to be submitted at Deadline 9.

3.2. DOCUMENT REFERENCE 3.2 - EXPLANATORY MEMORANDUM

3.2.1.1. Under Regulation 5(2)(c) an applicant is required to submit an **Explanatory Memorandum** explaining the purposes and effect of each provision in the dDCO, including in particular any divergences from the model provisions. Therefore, an **Explanatory Memorandum** has been submitted with the Application.

3.2.1.2. The **Explanatory Memorandum** has been updated along with the revisions of the dDCO. It is expected that the final **Explanatory Memorandum** will be the version submitted at Deadline 8.

3.3. DOCUMENT REFERENCE 3.3 - DRAFT DEVELOPMENT CONSENT ORDER VALIDATION REPORT

3.3.1.1. In accordance with PINS Advice notes six and fifteen (Drafting Development Consent Orders) (The Planning Inspectorate, 2018), the dDCO has been prepared and validated in the Government SI template. The **Draft Development Consent Order Validation Report** evidences that the **dDCO** is error free and on the correct version of SI template.

4. COMPULSORY ACQUISITION INFORMATION

4.0. OVERVIEW

- 4.0.1.1. In order to construct and operate the Proposed Development, the Applicant will need to acquire land and rights in land, to extinguish existing rights, and to possess and use land temporarily. Whilst the Applicant will seek to negotiate with the relevant landowners for the required land and rights, as a last resort the Applicant may need to rely on powers in the DCO to authorise acquisition, the grant of rights, the imposition of restrictions and the ability to extinguish easements and servitudes required to facilitate the delivery of the proposed Development.
- 4.0.1.2. The Applicant is required to provide evidence that the use of these powers would be justified, proportionate and in the public interest and this evidence is set out in a **Statement of Reasons** ('SoR') (document reference 4.1), **Funding Statement** (document reference 4.2), **Book of Reference** ('BoR') (document reference 4.3) as explained below.

4.1. DOCUMENT REFERENCE 4.1 - STATEMENT OF REASONS

- 4.1.1.1. The Applicant has been seeking to acquire the land, rights (and impose restrictions) over land and the temporary use of land by voluntary agreement, in order to ensure implementation of the Proposed Development. However, it has not yet been possible to acquire all of the land, the temporary use of land and the rights required by voluntary agreement.
- 4.1.1.2. Therefore, a **SoR** is required to be submitted under Regulation 5(2)(h) of the APFP Regulations.
- 4.1.1.3. The **SoR** explains that there is a case of public interest which would justify the Applicant's exercise of powers of compulsory acquisition in order to acquire land and rights permanently, to extinguish rights, and to use land temporarily to enable the Applicant to construct, operate and maintain the Proposed Development.
- 4.1.1.4. The **SoR** should be read in conjunction with the **Land Plans**, the **Funding Statement** and the **BoR**.
- 4.1.1.5. The **SoR** has been updated at various deadlines throughout the Examination to reflect any changes made in respect of the rights necessary for the construction, operation and maintenance of the Proposed Development and to reflect the current status of negotiations with the various parties from whom rights are to be acquired. The final version of the **SoR** was submitted at Deadline 8.

4.2. DOCUMENT REFERENCE 4.2 - FUNDING STATEMENT

- 4.2.1.1. This statement explains how the Proposed Development would be funded, including the funding of any land to be purchased through compulsory acquisition.
- 4.2.1.2. The submission of a **Funding Statement** is required (where applicable) under Regulation 5(2)(h) of the APFP Regulations.
- 4.2.1.3. An update to the **Funding Statement** was submitted at Deadline 6 (REP6-021) to consolidate relevant information previously submitted into the Examination and to provide the further information requested during the course of the hearings.

4.3. DOCUMENT REFERENCE 4.3 - BOOK OF REFERENCE

- 4.3.1.1. The **BoR** is required to be submitted under Regulation 5(2)(d) of the APFP Regulations.
- 4.3.1.2. It corresponds with the **Land Plans** and **Crown Land Plans** and identifies all parties who own or occupy land and / or have an interest in or right over the land affected by the proposal, and / or who may be entitled to make a 'relevant claim' as defined in Section 57 of the PA 2008. It is structured in five parts in accordance with Regulation 7 of the APFP Regulations. The five parts are:
- **Part 1:** Names and addresses for service of each person within categories 1 and 2 as set out in Section 57 of the PA 2008.
 - **Part 2:** Names and addresses for service of each person within category 3 as defined in Section 57 of the PA 2008, who would or might be entitled to make a relevant claim as defined in Section 57(4) of the PA 2008. As explained in section 2.3 of the **BoR**, no persons are listed in Part 2 of the submitted BoR as potentially having such a claim as the Applicant does not expect that any person will be able to make a relevant claim (as that term is defined at Section 57(6) of the PA 2008).
 - **Part 3:** Names and addresses of those persons whose entitlement to enjoy easements of rights may be extinguished, suspended or interfered with.
 - **Part 4:** Specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the Proposed Development.
 - **Part 5:** Land which is special category land.
- 4.3.1.3. For each plot of land described in the **BoR**, being land within which it is intended that all or part of the Proposed Development shall be carried out, the area in square metres for that plot is given.
- 4.3.1.4. The **BoR** has been updated at various deadlines throughout the Examination to reflect any changes made in respect of the rights necessary for the construction, operation and maintenance of the Proposed Development as well as any changes which have been made to the Order Limits and to update the details of any parties who have or may have an interest in the plots listed. The final **BoR** is to be submitted at Deadline 8 to reflect the position at the close of the Examination.

5. REPORTS

5.0. OVERVIEW

5.0.1.1. A number of technical reports and documents were produced in the support of the Application, which are not environmental reports or documents (these are contained in category 6 – see below). The contents of the reports and documents contained within category 5 are summarised in this section of the **Update Application Guide**.

5.1. DOCUMENT REFERENCE 5.1 - CONSULTATION REPORT

5.1.1.1. This report provides an account of the pre-application consultation carried out on the Proposed Development. It reports on the statutory consultation carried out on the Proposed Development in accordance with Part 5 of the PA 2008 and the non-statutory consultation that took place before this.

5.1.1.2. The **Consultation Report** demonstrates how the Applicant has had regard to the consultation feedback, and demonstrates compliance with the statutory requirements in relation to the statutory consultation. The report includes details of how the Proposed Development has been amended as a result of some of the consultation responses received.

5.1.1.3. The submission of a Consultation Report is required under Section 37(3)(c) of the PA 2008 (with the term defined in Section 37(7) of the PA 2008).

5.1.1.4. The chapters of the **Consultation Report** are as follows:

- Executive Summary
- Explanatory Text
- Introduction
- Legislation, Guidance and Advice
- AQUIND's Approach to Consultation
- EIA and Habitats Regulations
- Initial Engagement Activities
- Non-Statutory Consultation
- Engagement Following January – February 2018 Non-Statutory Consultation (march 2018 – February 2019)
- Evolution Following Non-Statutory Consultation
- Statutory Consultation and Responses under Section 42 of the PA 2008
- Statement of Community Consultation (SOCC)

- Statutory Consultation: Publicity under Section 48 of the PA 2008
- Statutory Consultation: Responses under Section 47 / 48 of the PA 2008
- Targeted Consultation
- Post February – April 2019 Consultation and Engagement
- Design Chances and Mitigation as a Result of Statutory Consultation
- Post February – April 2019 Consultation and Engagement
- Changes made to Proposed Development
- General Data Protection Regulation (GDPR)
- Conclusion

5.1.1.5. A full list of the appendices submitted with the **Consultation Report** is contained within the **Electronic Application Index**.

5.1.1.6. Following the submission of the Application, amendments were made to the **Consultation Report** and an updated version was submitted in November 2019 with some minor amendments, corrections to the referencing and appendices (AS-006).

5.2. DOCUMENT REFERENCE 5.2 - OTHER CONSENTS AND LICENCES

5.2.1.1. This document provides information on the other consents, licences and permits that are or may be required under other legislation for the construction, operation, maintenance and decommissioning of the Proposed Development, and that cannot be sought as part of the Application.

5.2.1.2. This document has been produced to meet the requirements of section 24 of the prescribed Application Form (document reference 1.4).

5.3. DOCUMENT REFERENCE 5.3 - STATUTORY NUISANCE STATEMENT

5.3.1.1. This document identifies the matters set out in Section 79 of the Environmental Protection Act 1990 in respect of statutory nuisances and considers whether the Proposed Development would engage one or more of those matters. Where any matters may be potentially engaged, this statement sets out proposals for mitigating or limiting them.

5.3.1.2. Applicants are required to submit a Statutory Nuisance Statement under Regulation 5(2)(f) of the APFP Regulations.

5.4. DOCUMENT REFERENCE 5.4 - PLANNING STATEMENT

- 5.4.1.1. This document demonstrates how the Proposed Development accords with relevant planning policy and legislation, in particular the Overarching National Policy Statement ('NPS') for Energy EN-1.
- 5.4.1.2. The submission of a Planning Statement is not a regulatory requirement; however it is considered to be useful to assist the SoS in reaching the 'planning balance' under Section 104 of the PA 2008.
- 5.4.1.3. The **Planning Statement** (APP-108) contains the following appendices which are submitted as standalone documents:
- Appendix 1 Onshore Section Drawings (document reference 5.4.1)
 - Appendix 2 Planning History (document reference 5.4.2)
 - Appendix 3 Section 35 Direction (document reference 5.4.3)
 - Appendix 4 Local Planning Policy (document reference 5.4.4)
 - Appendix 5 The Assessment of the South Marine Plan (document reference 5.4.5)

5.5. DOCUMENT REFERENCE 5.5 - DESIGN AND ACCESS STATEMENT

- 5.5.1.1. The **Design and Access Statement** ('DAS') provides information in respect of the design evolution of the Converter Station and Converter Station Area in particular. The purpose of the DAS is to demonstrate the design process that has been followed during the development of the Onshore Components of the Proposed Development at the pre-application stage and how the final design will be confirmed in accordance with the requirements of the DCO once granted.
- 5.5.1.2. The **DAS** also contains a set of Design Principles for the Converter Station and for the ORS and Landscape Design Principles for the Proposed Development. Adherence to these principles will ensure that the detailed design for the Converter Station and ORS will satisfy the principles of 'good design' as required by NPS EN-1 and meet the functional and operational requirements whilst responding to their setting.
- 5.5.1.3. The Landscape and Design Principles are secured via the DCO Requirements.
- 5.5.1.4. Amendments have been made to the **DAS** throughout the Examination and the final version is to be submitted alongside this **Updated Application Guide** at Deadline 8.

5.6. DOCUMENT REFERENCE 5.6 - NEEDS AND BENEFITS REPORT

- 5.6.1.1. This document demonstrates the needs case for the Project from the UK perspective. It presents the overarching need for increasing electricity interconnection between the UK and the neighbouring countries, and the positive contribution that AQUIND Interconnector brings in terms of the socio-economic benefits, energy security and wider benefits of the Project.
- 5.6.1.2. Addendums to the **Needs and Benefits Report** have been submitted at Deadline 1 (REP1-136) and Deadline 7(REP7-064) and an errata to the Needs and Benefits Report was submitted at Deadline 7c (REP7c-008) provides updates on policy documents and reports published following submission of the Application.

6. ENVIRONMENTAL STATEMENT

6.0. OVERVIEW

- 6.0.1.1. The documents submitted under this category comprise of the four volumes of the ES, as well as associated technical and environmental reports and documents.
- 6.0.1.2. The Applicant has undertaken an EIA of the Proposed Development to consider and assess the likely significant effects the Proposed Development. The **ES** reports the findings of the EIA.
- 6.0.1.3. The **ES** also provides general information on the Proposed Development including its context, a full description of the Proposed Development and its construction, the main alternatives considered, the consultation process that was part of the EIA, and any relevant technical information that has been used the assess the likely significant effects of the Proposed Development.

6.1. DOCUMENT REFERENCE 6.1 - ENVIRONMENTAL STATEMENT VOLUME 1 MAIN TEXT

- 6.1.1.1. The main report of the **ES** contains the following chapters:

Table 6-2 - Environmental Statement Chapters

Chapter	Title	Document Reference
Chapter 1	Introduction	APP-116
Chapter 2	Consideration of Alternatives	APP-117
Chapter 3	Description of the Proposed Development	APP-118
Chapter 4	EIA Methodology	APP-119
Chapter 5	Consultation	APP-120
Chapter 6	Physical Process	APP-121
Chapter 7	Marine Water and Sediment Quality	APP-122
Chapter 8	Intertidal and Benthic Habitats	APP-123
Chapter 9	Fish and Shellfish	APP-124
Chapter 10	Marine Mammals and Basking Sharks	APP-125
Chapter 11	Marine Ornithology	APP-126
Chapter 12	Commercial Fisheries	APP-127
Chapter 13	Shipping, Navigation and Other Marine Users	APP-128

Chapter 14	Marine Archaeology	APP-129
Chapter 15	Landscape and Visual Amenity	APP-130
Chapter 16	Onshore Ecology	APP-131
Chapter 17	Soils and Agricultural Land Use	APP-132
Chapter 18	Ground Conditions	APP-133
Chapter 19	Groundwater	APP-134
Chapter 20	Surface Water Resources and Flood Risk	APP-135
Chapter 21	Heritage and Archaeology	APP-136
Chapter 22	Traffic and Transport	APP-137
Chapter 23	Air Quality	APP-138
Chapter 24	Noise and Vibration	APP-139
Chapter 25	Socio-Economics	APP-140
Chapter 26	Human Health	APP-141
Chapter 27	Waste and Material Resources	APP-142
Chapter 28	Carbon and Climate Change	APP-143
Chapter 29	Cumulative and Transboundary Effects	APP-144
Chapter 30	Summary of Significant Effects	APP-145

6.1.1.2. Addendums to the **ES** have been submitted at Deadline 1 and Deadline 7 and further details are provided in Section 7 below.

6.2. DOCUMENT REFERENCE 6.2 - ENVIRONMENTAL STATEMENT VOLUME 2 FIGURES

6.2.1.1. As stated above, the **Electronic Application Index** contains a full list of the ES figures which form **Volume 2** of the **ES**.

6.3. DOCUMENT REFERENCE 6.3 - ENVIRONMENTAL STATEMENT VOLUME 3 TECHNICAL APPENDICES

6.3.1.1. The **Electronic Application Index** contains a full list of the technical appendices which form **Volume 3** of the **ES**.

6.4. DOCUMENT REFERENCE 6.4 - ENVIRONMENTAL STATEMENT VOLUME 4 NON-TECHNICAL SUMMARY

6.4.1.1. This document provides a summary of the findings of the **ES** in non-technical language.

6.5. DOCUMENT REFERENCE 6.5 - MARINE OUTLINE CONSTRUCTION ENVIRONMENTAL MANAGEMENT PLAN

6.5.1.1. This document sets out good management practices and the overarching principles for environmental management associated with the Proposed Development within Marine Cable Corridor, which is within the UK Marine Area (i.e. the Marine Components).

6.6. DOCUMENT REFERENCE 6.6 - MITIGATION SCHEDULE

6.6.1.1. This Schedule sets out the mitigation controls and other best practice measures identified in the ES and identifies the means by which those controls and measures will be secured.

6.6.1.2. It provides a unique reference number for each item included in the **Mitigation Schedule**. The Schedule then identifies the paragraph number of the **ES** where the mitigation measure is referenced and the potential impact or topic which the mitigation measure is intended to address or relates. The Schedule also summarises the mitigation measures, as set out in the **ES**, identifies the 'control document' within which mitigation measure will be implemented, and the means by which the mitigation measure will be secured.

6.6.1.3. The **Mitigation Schedule** was updated at Deadline 2 and a final version of the **Mitigation Schedule** is to be submitted at Deadline 9 in order to capture the final position at the close of the Examination.

6.7. DOCUMENT REFERENCE 6.7 - LETTER OF NO IMPEDIMENT

6.7.1.1. The **Letter of No Impediment** ('LONI') has been issued to the Applicant by Natural England ('NE') on 4 November 2019. It relates to a draft badger mitigation licence application in association with the Proposed Development, which was prepared by the Applicant and received by NE on 28 October 2019. The **LONI** confirms that NE sees no impediment to a licence being issued, should the DCO be granted.

6.8. DOCUMENT REFERENCE 6.8 - HABITATS REGULATIONS ASSESSMENT REPORT

6.8.1.1. The **Habitats Regulations Assessment ('HRA') Report** provides relevant technical information to enable competent authorities to discharge their functions under Regulations 7 (competent authorities) and 63 (assessment of implications for European sites and European offshore marine sites) of the Conservation of Habitats and Species Regulations 2017 (as amended) (the 'Habitats Regulations') in connection with the Proposed Development.

6.8.1.2. The **HRA** covers the entirety of the Proposed Development.

6.8.1.3. The **HRA** is submitted in three volumes:

- Volume 1 (document reference 6.8.1) contains the main text;
- Volume 2 (document reference 6.8.2) contains figures; and
- Volume 3 (document reference 6.8.3) contains technical appendices.

6.8.1.4. A complete list of figures and appendices is contained in the **Electronic Application Index**.

6.8.1.5. Updates were made to the **Habitats Regulations Assessment Report** throughout the Examination and the final version was submitted at Deadline 7 (REP7-029).

6.9. DOCUMENT REFERENCE 6.9 - ONSHORE OUTLINE CONSTRUCTION ENVIRONMENTAL MANAGEMENT PLAN

6.9.1.1. This document sets out good management practices and the overarching principles for environmental management of the onshore construction of the Proposed Development.

6.9.1.2. In response to further engagement with the Local Authorities and key Stakeholders, the **Onshore Outline Construction Environmental Management Plan** has been updated and submitted at various deadlines throughout the Examination. The final version of the document is submitted at Deadline 8.

6.10. DOCUMENT REFERENCE 6.10 - OUTLINE LANDSCAPE AND BIODIVERSITY STRATEGY

- 6.10.1.1. This document outlines the management and enhancement objectives and associated landscape prescriptions for the Converter Station Area and Landfall, as well as providing background context and links to the overall Design Principles, outlined in the **DAS**.
- 6.10.1.2. **Outline Landscape and Biodiversity Strategy** has also been updated in response to further engagement with the Local Authorities and key Stakeholders and the final version of the document is submitted at Deadline 8.

7. EXAMINATION DOCUMENTS

7.1. OVERVIEW

- 7.1.1.1. Any new documents submitted during the examination (except revisions to previously submitted documents which are set out above) are category 7 documents.
- 7.1.1.2. There have been several types of documents submitted during the examination, including:
- **Statements of Common Ground** with the various Local Authorities and Stakeholders and the **Statement of Commonality** which have been updated at various deadlines;
 - Addendums to the **Environmental Statement** submitted at Deadlines 1 and 7;
 - **Schedule of Changes** which summarise changes to application documents submitted at each deadline;
 - The **Applicant's Response to the Examining Authorities First and Second Written Questions** and the technical appendices;
 - Various **Position Statements** and **Technical Notes**;
 - The **Applicant's Transcripts of Oral Submissions at the Issue Specific Hearings** and the **Post Hearing Notes**; and
 - The Applicant's comments on responses submitted by others at each of the Examination Deadlines.
- 7.1.1.3. The **Application Document Tracker** submitted at Deadline 8 provides a detailed summary of all Category 7 documents submitted throughout the Examination.

0. INTRODUCTION

0.1. OVERVIEW

0.1.1.1. This Application Document Tracker has been prepared on behalf of AQUIND Limited to support the Application for a Development Consent Order (DCO) that has been submitted to the Secretary of State for Business, Energy and Industrial Strategy under Section 37 of the Planning Act 2008 (as amended) (the 'PA 2008').

0.2. PURPOSE OF THE DOCUMENT

0.2.1. INTRODUCTION

0.2.1.1. Tables 2-1 to 2-7 below provide a full list of all documents submitted with the Application, including the revision number for each document and the relevant statutory provision that the documents are submitted pursuant to. This is intended to be a live document and the tables will be updated whenever new or updated documents are submitted following acceptance of the Application or during the examination.

0.2.1.2. The tables show the latest version of each document highlighted in light green. Superseded versions will be shown greyed out. The latest versions of the Low Resolution Documents are highlighted in light green. The tables will be updated to include the relevant Examination Library reference for each document once these become available on the Planning Inspectorate's website.

0.2.2. NAVIGATING THIS DOCUMENT

0.2.2.1. For ease of navigation, Tables 1-1 to 1-7 are colour coded as follows:

Category
1. Application form
2. Plans
3. Draft Development Consent Order
4. Compulsory Acquisition Information
5. Reports
6. Environmental Statement and Associated Documents
7. Examination Documents

Documents highlighted in green are the latest versions
Superseded Documents
Low Resolution Documents

0.2.2.2. This document should be read in conjunction with the Application Guide (document reference 1.2) and the Electronic Application Index (document reference 1.6).

0.2.3. FIGURES AND APPENDICES

0.2.3.1. A number of figures and appendices associated with Application documents are submitted as standalone submission documents. This is due to their file sizes. This includes:

- The appendices of the Consultation Report (which has the document reference 5.1, and the appendices have the document references 5.1.1A – 5.1.7J);
- The appendices of the Planning Statement (which has the document reference 5.4; the appendices have the document references 5.4.1 – 5.4.5);
- The figures of the Environmental Statement ('ES') (which are contained within Volume 2 of the ES, this has the overall document reference 6.2);
- The technical appendices of the ES (which are contained within Volume 3 of the ES, with the overall document reference 6.3);
- The appendices of the Habitats Regulations Assessment ('HRA') Report (the HRA Report has the overall document reference 6.8, with the document references 6.8.3.1 – 6.8.3.4 for the individual appendices);
- The figures of the HRA Report (which have the individual document references 6.8.2.4.1 – 6.8.2.8.1).

0.2.3.2. The above figures and appendices are individually listed in the Electronic Application Index, however, due to their large number, they are not individually listed in this Application Document Tracker.

0.2.3.3. Should any of the above figures or appendices be updated after submission of the Application, the updated figure or appendix with its new revision number will be listed in Tables 2-1 to 2-7 below.
